Chief Desire to Aid Farmer Interstate Commerce Commission States

STEAMER, RAILROAD LINES ARE AFFECTED

Alleged Discrimination In Certain Localities to Receive Attention

WASHINGTON, D. C., March 17.—The Interstate Commerce Commission today announced the inauguration of a sweeping investigation on all rates, including freight, express and passenger, charged by all common carriers for transportation in interstate commerce.

The investigation, ordered by the Smith-Hugh resolution passed by the sixty-eighth congress, was urged by the administration as a principal feature of the Coolidge farm relief program.

All railroads, steamship companies and other common carriers subject to the interstate commerce act were correspondents in the formal summons of the Interstate Commerce Commission, served today. Every railroad and the governor of every state was formally notified of beginning of the probe.

Commission's Statement

"To determine to what extent and in what manner, if any, the rates of common carriers caused undue or unreasonable advantage, preference or prejudice as between persons or localities in interstate commerce, on the one hand and interstate or foreign commerce on the other hand, or any undue, unreasonable or unjust discrimination against interstate or foreign commerce."

"To make in accordance with law such changes, adjustments and distributions of rates as may be found necessary to correct any evils found to exist."

"The authorizing resolution directed particular attention to investigation of discriminations which may exist against agricultural products, including livestock, but the scope of the commission did not mention this phase except as it was listed in the several industries."

Asks Public Co-operation

"The commission invited the public generally, including both shippers and carriers, whether as individuals or organizations, and the public authorities, state and federal."

"File with the commission any desired brief or statement as to the intent of the joint resolution or procedure to give effect to it."

"Bring to attention of the committee any appropriate statement of fact voiced by affidavit, deemed to bring any classes of traffic or any class or kind of commodities or any general or special schedule of rates, fares or charges or other matters embraced in investigation within the provisions of the resolution."

Dates of hearings will be announced later. In the meantime, the commission will study "known or discoverable situations" with the assistance of its experts and representatives of state utilities commissions.

SHOOTING GIRL, TRIES SUICIDE

ALAMEDA, March 17.—Because her father objected to his attention to Miss Thelma Forbes, 18, a stenographer, Arthur Rosenberg, 22, shot and seriously wounded her last night and then fired three shots into his own body. Both are expected to recover.

"SONNY" WILLIS NOW ADMITS HIS "CONFESSION" WAS FAKED

LOS ANGELES, March 17.—Harold "Sonny" Willis, 15, has lost his unique legal battle to save his mother from a life in prison.

After a long grilling by county prosecutors, the lad broke down and admitted he had faked a "confession" in an effort to free his mother, Mrs. Harold Willis.

"Sonny" made a sensational confession recently that he and not Mrs. Willis shot and killed Dr. Benjamin B. Baldwin last April. Today he admitted his story was not true.

"I wanted to save my mother," he said. "I wanted to do every thing I could for her and I'm sorry, Baldwin."

PIZA TOWER IS SAFE FOR 1600 YEARS YET

ROME, March 17.—A report on the condition of the leaning tower of Pisa, issued today, shows that the tower, which has been leaning for seven centuries, has tilted over five millimeters since 1923. The thousands of Americans who are rushing to Pisa to see the famous structure fall will have to wait just 1600 years for the event, says Professor Canavari, who made the report. Professor Canavari, who began the investigation twelve years ago, when Pisa tower first was reported unsafe, declares that earthquakes and subterranean water movements have hardly affected the tower. The earthquakes are believed to have had no effect whatever, but certain water infiltration underground is affecting the base.

GOVERNMENT STRIKES BACK IN OIL CASE

FEDERAL COURT ROOM, Cheyenne, Wyo., March 17.—The government struck back and won a point in the Teapot Dome suit today when Federal Judge T. Blake Kennedy ruled that M. T. Everhart, son-in-law of Albert B. Fall, must answer questions regarding deposit of bonds in a Pueblo, Colo., bank to Fall's account.

FINANCES GOOD, TRADES' REPORT

MONTREY, March 17.—Reports on the financial condition of the California Building Trades council marked the second day's session of the twenty-fifth annual convention.

DELHI PROJECT IS CRITICIZED IN STATE REPORT

SACRAMENTO, March 17.—Recommending that the state of California "should never enter into another land scheme," the final report of the Delhi investigating committee was sent to the legislature today, signed by all six members of the body.

WILL SENTENCE MCCOY THURSDAY ON THREE COUNTS

LOS ANGELES, March 17.—Kid McCoy will appear before Superior Judge Charles S. Craig Thursday to be sentenced on three counts of assault with a deadly weapon.

SEATTLE POLICE NAB TWO ALLEGED STOCK SWINDLERS

SEATTLE, Wash., March 17.—Dr. Arthur Fournier and J. V. Karelsen were taken from a suite at the Olympic hotel here late yesterday by deputy sheriffs on California indictments said to charge stock swindles totalling \$25,000.

ISSUES BAGPIPE CHALLENGE

GLASGOW, March 17.—In reply to charges that Socialists are not true Scots, Rev. Alexander McBain, Liberal candidate for public office, has challenged Conservatives to name a man to meet him in a bagpipe playing contest.

GEN. BEACH RECOMMENDS \$430,000 EXPENDITURE ON COUNTY HARBOR AT PRESENT

AN EXPENDITURE of \$2,000,000 would be required for full development of Newport harbor, but the county should content itself for the present with foundation work at a minimum expenditure of \$430,000, in the opinion of General Lansing H. Beach, consulting engineer of the Orange County Harbor commission.

Such was the substance of General Beach's report on the harbor, as filed today with the harbor commission. Following its consideration by that body, the report might be laid before the county supervisors late today, it was said, though such action was not definitely in view.

The smaller harbor program, one of three alternatives presented in the report, would, according to General Beach, serve the needs of harbor commerce for the next few years. The growth of commerce could be watched, meanwhile, he suggested, and development carried on as needed.

The three programs outlined were substantially as follows:

1—The minimum expenditure of \$430,000, chiefly on the harbor entrance, to provide a secure and adequate channel for ships up to 300 feet in length, and a complete jetty of length to correspond to a channel 15 feet in depth.

2—An intermediate program, calling for an expenditure of \$610,000, which would provide channels 20 feet in depth and a longer jetty to correspond with such a channel.

3—The full \$2,000,000 program which would provide channels at the entrance and throughout the harbor at a depth of 25 feet.

Attached to the report was a recommendation by General Beach that bonds be voted at one time for the full \$2,000,000 program, so that the necessary funds would be available at such time in the future as needed.

BEACH JUSTICE IS DEFENDANT IN RENT SUIT

Acting on recent instructions of the board of county supervisors, District Attorney A. P. Nelson today filed civil action in Santa Ana justice court against Justice C. W. Warner, of Huntington Beach, to recover \$180 allowed the justice for office rent during a period of 18 months.

The county alleges that Justice Warner was not paying rent during that period, having moved his offices into the city hall at Huntington Beach. He continued, however, to file a demand upon the county treasury and collect \$10 per month. The supervisors passed a resolution two weeks ago, authorizing proceedings to recover the sum involved, which was then reported to be \$300.

County Auditor W. C. Jerome, it is said, has already held up one salary warrant of \$100 from Justice Warner, and intends to hold another warrant of similar amount, until the county's interests will be provided, regardless of the civil proceedings.

SEEK RECEIVER FOR CHAIN STORES

LOS ANGELES, March 17.—The Pacific States Inc., has been made defendant in a suit for receivership filed in federal court here by stockholders.

The stockholders claim the business of the firm was conducted at a monthly loss of \$12,500, and that its liabilities total \$292,000 as against assets of \$182,000.

The company, capitalized at \$5,000,000, has branch stores in San Francisco, Oakland, Fresno, Lodi, Fullerton, Whittier, Orange, and Riverside.

WILL SENTENCE MCCOY THURSDAY ON THREE COUNTS

LOS ANGELES, March 17.—Kid McCoy will appear before Superior Judge Charles S. Craig Thursday to be sentenced on three counts of assault with a deadly weapon.

A jury found the former prizefighter guilty of assault after 72 hours deliberation, at the same time acquitting him of four counts of robbery.

The charges were the result of McCoy's shooting rampage in the Morris curio shop the morning after the fatal shooting of Mrs. Teresa Moss. He was accused of robbing four customers and shooting three others.

McCoy is liable to a sentence from three to 38 years imprisonment on the assault verdict. He is already under sentence of one to ten years for the killing of Mrs. Moss.

McCoy's attorneys plan to appeal the verdict.

INDICTMENT SOUGHT OF GRAND JURY

CHICAGO, March 17.—Dr. C. C. Faiman will be indicted with William D. Shepherd on a charge of murder in connection with the death of William McCintock, "millionaire orphan," state's attorney Robert E. Crowe announced this afternoon. Faiman has "confessed" to Crowe that on a promise of \$100,000 he school Shepherd in the use of typhoid germs and told him how to inoculate McCintock. Crowe said he expected the grand jury to indict Shepherd and Faiman later today.

UNIVERSITY PRESIDENT HELD TO HAVE "CINCHED" CASE IN "GERM SLAYING"

CHICAGO, March 17.—An indictment charging William D. Shepherd with murdering William McCintock, his millionaire ward, was prepared today by the state's attorneys office. It will be executed formally when the grand jury returns its true bill some time during the day.

The case against Shepherd was "cinched," state's attorney Robert E. Crowe declared, when Dr. C. C. Faiman, president of the National University of Science, "confessed" he gave Shepherd typhus bacilli and instructed him to administer the germs to young McCintock to cause death.

Faiman charged Shepherd promised him a share of Billy's \$1,000,000 estate in exchange for the germs.

Faiman's "confession"—which was at the same time a direct accusation against Shepherd—came shortly after midnight as a result of constant grilling by Crowe and his aides. He was promised diminished penalty if he confessed.

Dr. Faiman previously had told the state's attorney three test tubes of germs disappeared from his laboratory about the time Shepherd was taking a course in bacteriology.

Finally, however, he admitted giving the tubes to Shepherd with complete instructions how to use them.

"I gave you those typhoid germs," Faiman declared.

"Yes, and I taught you how to use them so that McCintock would die. You promised me a share in the fortune."

Shepherd, his face twitching nervously, his color almost gone, drew himself up and muttered feebly:

"You're a liar."

"I ought to tell you," said Faiman, adding another detail, "that Shepherd promised me \$100,000 for the germs and my advice."

Young McCintock died last December at the Shepherd home. Death came while his sweetheart, the beautiful Isabelle Pope, waited at the door, marriage license in her hand, to become his wife. The state claims Shepherd hastened the boy's death to prevent the marriage, thus assuring for himself the bulk of the estate.

The McCintock will, drawn up by Shepherd himself, left everything to Shepherd except an annuity of \$8,000 to Miss Pope.

Judge Harry Olson, chief justice of the Chicago Municipal court and instigator of the investigation into young McCintock's death, is to testify before the grand jury before the true bill is voted. Olson charges that Shepherd has plotted for many years to get the McCintock fortune and is responsible also for the death of the boy's mother years ago.

Miss Pope, after testifying at (Continued on Page Two.)

Mrs. Chaplin's Case Is Put Up to Davis

WASHINGTON, March 17.—Secretary of Labor Davis personally has taken over the case of Mrs. Hannah Chaplin, mother of the famous screen comedian, scheduled to leave the country as an alien whose permission to stay expires March 26.

Decision in the case of Mrs. Chaplin, who has been in this country for treatment for the last five years, is expected soon after Davis returns from Chicago tomorrow.

The aged Englishwoman has been in the country under special permission, renewed each year.

WHEAT TAKES SENSATIONAL BREAK TODAY

CHICAGO, March 17.—May wheat today suffered a net loss of 1 1/2 cents from the previous close, one of the biggest drops in the peace time history of the Chicago Board of Trade. The close was \$1.53 1/2 a bushel, compared with the previous close of \$1.65.

May wheat today recorded one of the most sensational drops in the history of the Chicago Board of Trade when opening prices ranged from \$1.61 to \$1.55 a bushel, compared with the previous close of \$1.65. The price then fell off to \$1.54, a loss of 11 cents from yesterday's close.

July wheat dropped 3/4 cent, and September wheat 2 1/2 cents.

Traders dumped their holdings overboard following reports that Europe was glutted with breadstuffs and that huge quantities of wheat shipped from this country could find no market and was being dumped back to its owners.

May wheat suffered another break at 11 a. m., falling to \$1.51 1/2, a loss of 1 1/2 cents from the previous close and 5 1/2 cents below the high of \$2.05 1/2 reached about two months ago.

The wheat pit was a veritable madhouse of frenzied brokers' agents who only aim was to execute selling orders at any price. The terrific smash in prices in the first five minutes of trading wiped out scores of small traders.

WHEAT DROPS 22c ON KANSAS CITY MO., MARCH 17

In the past two days wheat on the Kansas City market has dropped 22 cents. Following yesterday's drop of eight cents, wheat futures declined 14 cents today to \$1.42 for May delivery. July dropped 8 1/2c to \$1.28.

ACCIDENT VICTIMS ALL TO RECOVER

The condition of M. H. Merrill, his wife, and Ruth Merrill, daughter, who with two other persons, Willis Merrill and Miss M. C. Isler, were badly hurt when their automobile bolted over on the state highway, near San Juan Capistrano, yesterday morning, was reported improved today, at the Santa Ana Valley hospital.

Willis Merrill, son of Mr. and Mrs. M. H. Merrill, with Miss Isler, were discharged from the hospital last night and returned to their homes. All live in Los Angeles.

Although the condition of the other three members of the Merrill family is not considered serious, they were badly cut and bruised about the face and body, and will be confined to the hospital for several days, it was said today.

15 YEAR OLD GIRL STUDENT KILLED BY TRUCK AT LAGUNA

MARY WOOD, 15-year-old high school student, met a tragic death beneath a heavy truck at Laguna Beach late yesterday. A rolled stocking that became unfastened and fell about the ankle of a girl friend was a factor in the fatality. Mary Wood was one of a group that formed as a screen while the hose was being adjusted.

The victim, daughter of Dr. E. H. Wood, Laguna Beach banker, had her life crushed out a moment after the embarrassing experience with the loosened hose, and it was believed, distracted her attention from the passing traffic.

Her death was the second like calamity visited upon the Wood family, an older sister, Lois, then 19, having been killed at a railroad crossing in Riverside seven years ago.

Action By Coolidge Ends Bitter Controversy of Last Week In House

WARREN DECLINES TO TAKE RECESS OFFICE

Deadlock Is Broken When President's Appointee Refuses Nomination

WASHINGTON, March 17.—The senate today confirmed without hesitation and almost without discussion the nomination of John G. Sargent of Ludlow, Vermont, to be attorney general. Thus ended the bitter war between the president and the senate over the confirmation of Warren.

WASHINGTON, D. C., March 17

—President Coolidge today nominated John G. Sargent, Ludlow, Vermont, an old personal friend and former attorney general of the state of Vermont, to be attorney general in the place of his first choice, Charles Beecher Warren, who was twice rejected by the senate.

Sargent is expected to receive the confirmation of the senate without opposition.

The judiciary committee this afternoon reported favorably on Sargent's appointment.

The nomination of Sargent was sent to the senate shortly after the president had announced Warren declined to accept the offer of a recess nomination.

Warren Appreciative

The text of Warren's letter follows: "Your confidence in me was deeply appreciated when you evidenced it by tendering me so important a place in your cabinet. I am again indebted to you for your renewed expressions of confidence in your note of March 16, proposing to tender me a recess appointment as attorney general."

"I shall always like to remember that the political controversy which has arisen concerning this position has not in the least affected your faith in me, and I have been appraised that those who know me fully share in your belief."

"Had I not known that I could serve you and the government with all my powers, whatever they may be, I naturally would not have accepted your offer of the position."

"But I am not willing to have prolonged a political controversy that might deprive the nation of full usefulness to the nation and possibly interfere with your making wholly effective your policies."

"I cannot, therefore, in fairness to you and the Republican party, refrain from declining your offer of a recess appointment, and I hope that you will make another nomination for confirmation."

"I am, my dear Mr. President, Faithfully yours, CHARLES B. WARREN, President's Letter"

President Coolidge's letter dated March 16, offering Warren a recess appointment, follows:

"My dear Warren: As already indicated by me, in case there is a vacancy in the office of attorney general after the adjournment of the senate, I shall offer you a recess appointment to that office. This offer is made in the first place as a testimony to the unshaken confidence I have in you, and, in the second place, because I believe you are qualified to conduct that office for the public welfare."

"I wish to express my great regret that any action of mine (Continued on Page Two.)"

Answer the Call of the Great Outdoors

With the coming of spring and warm weather it is natural that every one wants to get out in the open. To visit the mountains, the ocean, the lakes, you cannot gratify your desire unless you own an automobile. Friends may invite you now and then but you can't expect them to always take you with them.

Under "Autos for Sale" in Register Classified Ads you will find many exceptional buys in good used cars by leading Santa Ana automobile dealers. These cars can be bought for a few dollars down and a small monthly payment. You owe it not only to yourself but your family to buy an automobile and if you are ever going to buy—now is the time.

AROUND THE COURTHOUSE

Brief News of Courts and County Officers

Pleads Guilty, Asks
Leonard Aguirre, of Huntington Beach, Monday withdrew his plea of not guilty and substituted a plea of guilty to a statutory charge when he appeared for trial in Superior Judge F. C. Drumm's court. He applied for probation through his attorney, Clyde Bishop. The hearing was fixed for next Friday at 9:30 a.m.

Settle Case Out of Court
Trial of a damage action brought by Edward DeAnna and H. A. Riker, of Laguna Beach, against Henry Fitchsen, of Orange, was obviated Monday when the litigants reached a settlement out of court, just as the trial was about to begin before Superior Judge F. C. Drumm. Terms of the settlement were not made known.

The suit was based on an automobile wreck at Orange last May 20. Although his car was not in the collision Fitchsen was blamed for the wreck by DeAnna and Riker, who were riding in the DeAnna car and who were both injured. When Fitchsen drove on to the main highway from a dirt road, DeAnna's car swerved and struck a machine driven by H. R. King, of Arlington. King assigned his claim of

Fights and Fighetrs

PARIS — Francois Descamps, manager of Georges Carpentier, denied that Luis Firpo, South American heavyweight, had joined his stable. "I haven't even talked to Firpo about it," he said.

TOLEDO, O. — Tiger Flowers, Atlanta middleweight, won a 12-round decision from Sallor Darden, New York negro.

BIRMINGHAM, Ala. — Hearing will be held today on injunction proceedings brought by the Birmingham A. C. to prevent Sheriff Shirley from interfering with the bout tonight between Young Stripling and Bill Reed of Columbus, Ohio. The sheriff charges the fight would be a violation of the Alabama law which prohibits charging admission.

\$141.50 to De Anna, who sued Fitchsen for a total of \$2976.50. Riker asked judgment for \$3500 for his injury. They were represented by Attorney Otto Sankaker. Attorneys Head, Rutan and Scovel represented Fitchsen.

Local Garage Men File Suit
H. J. Gerken and Otto Kolberg, Santa Ana garage men, were plaintiffs in a superior court action on file today against Mr. and Mrs. E. V. Allen and others. The plaintiffs ask judgment for \$2,249.00 on a note, and foreclosure of a mortgage upon property in Santa Ana. The note was assigned to the plaintiffs by Mr. and Mrs. John Strassburger.

GIRL STUDENT IS KILLED BY TRUCK

(Continued from Page 1.)

noticed that one of the stockings of her friend had dropped about her ankle.

Quickly the girls with her formed a circle to shield her from prying gaze until the stocking was properly rolled. She then left them and hurried across the street, walking directly in front of a huge, 12-ton truck, piled high with sand, that rumbled slowly along the thoroughfare.

For an instant the witnesses were too horrified to shout a warning. The truck driver, Earl Pittman, 820 East Fourth street, Santa Ana, sounded his horn and the girl, realizing her danger, appeared too stunned to move. Pittman tried desperately to halt the truck but the intervening distance was not enough. A fender struck the girl, throwing her under the truck in such a manner that the wheels passed over one leg and her head.

A physician who arrived a minute later found that life was extinct. The body was removed to Winbiger's Mission Funeral home in Santa Ana where Coroner Charles D. Brown plans to hold an inquest at 3 p. m. today. Pittman was not arrested after the accident. Witnesses agreed that he had done everything possible to avoid it. He was an ambulance driver during the world war and is known as a capable, careful driver.

Among the witnesses of the accident was Mary's chum, Doris Messinger. Others who will be summoned to testify at the inquest, it is said, are O. B. Davey, E. Newton, D. J. Cleland, Albert Duarte, Auberna, Huffman, son of the school bus driver, C. A. Huffman, and James Evans.

Dr. Wood, who is president of the Citizens' bank of Laguna Beach, was in Riverside yesterday. Friends brought him back to Laguna Beach when news of the tragedy reached him. It was feared that the blow might have a serious effect on his health, which has been failing for several years.

As an old resident of Riverside and county physician there for many years, Dr. Wood is one of the best known citizens of that county, as well as Laguna Beach. The family was living in Riverside when their daughter Lois, then in high school, started to attend a school function one evening with a party of friends. Finding they were too early for the affair, the party started for a motor ride about the city. The car was struck by a train and Miss Wood was killed.

Two years ago, because of Dr. Wood's health, the family moved to Laguna Beach. Mary was among the most popular girls there and at Tustin high school. She was of an athletic type, excelling at tennis and being a fine swimmer.

Society

Dan Cupid Wins Pair Of Youthful Folk As His Own

The latest prank of Dan Cupid has won the interested attention of a large circle of friends, especially in high school circles, of Charles Jefferson Hosea, son of Mr. and Mrs. Charles Hosea sr., of 414 South Broadway and Miss Dorothy Manda Overton, daughter of Mr. and Mrs. E. C. Overton, 804 Fairview, for the pair of young people fell victim to Cupid's arrows and their wedding was a surprise event of Wednesday, March 11, 1925.

The pretty romance had its beginning in the halls of Polytechnic High school and has continued since young Mr. Hosea took his place in the business world where he is now with the Chapman Lumber company. Miss Overton is a member of this year's graduating class at Poly High, and her classmates hope that she will follow the honeymoon days with a return to school that they may have the honor of a bride-graduate.

The happy young people went to Riverside last Wednesday accompanied by Mrs. Betty Pich, herself a recent bride and only confidant. There they were wedded at high noon at the parsonage home of Dr. John Gardner, pastor of the Riverside Congregational church. They returned to this city with the intention of keeping their wedding secret for many weeks but the temptation to relate so delightful a bit of news was too great and after a few days, they went hand-in-hand to the parents of each in turn and made their confession, only to be received with open arms and parental blessings.

At present, Mr. and Mrs. Hosea are with the former's parents, Mr. and Mrs. Hosea sr., where they will remain until they find an apartment suited to their needs. In the meantime they are receiving the congratulations of their hosts of friends many of whom are planning pleasant social events for the young people.

PRESIDENT NAMES SARGENT FOR POST

(Continued from Page 1.)

should have brought you into a political controversy. My regret is all the more keen because you made patriotic response at a great deal of personal sacrifice when I sought your aid, without any action on your part, and asking you again to enter the public service of your country, in which on several previous occasions you had already attained to great eminence. This disappointment is only modified by the fact that from those who have the strongest assurances that they would gladly approve you for any other position and responsibility.

"With kindest regards and deepest appreciation, I am,
"Very truly yours,
"CALVIN COOLIDGE."

Sargent, who is an old friend of the president, was attorney general of Vermont from 1905 to 1912. Before that he was secretary of civil and military affairs of Vermont from 1900 to 1902 and state attorney, Windsor county, 1898-1900.

He was born at Ludlow, Vt., his present home, in 1860, being 65 years old. Ludlow is the nearest railroad point to Plymouth, Vt., the President's home, Nebraska. One of the opponents of Warren, facetiously moved that the presiding officer, whose place was taken by president pro-tempore Moses, in the absence of Vice President Davies, "enjoin entire secrecy" surrounding all facts of the nomination and its arrival at the senate until the senate had concluded deliberations.

The motion was laughed down. The action referring the nomination to the judiciary committee then was taken by unanimous consent.

Under urgent requests from Senator Robinson, Democratic leader, Senator Reed, Missouri, Democrat, who led the fight against Warren, Chairman Cummings of the committee announced a meeting of the committee would be held at 2:30 p. m. in the hope that the nomination might be reported out and finally acted upon by the Senate before adjournment tonight.

Senator Curtis, Republican leader, said a session of the Senate would be necessitated tomorrow as two or three lesser nominations would be sent up.

Adjournment of the special session of the Senate is contemplated for tomorrow night.

Are You Fat?

Thousands of overweight people have become slender by following the advice of doctors who recommend Marmola Prescription Tablets. These little fat reducers are made from the same formula as the famous Marmola Prescription. If too fat, don't wait—go to your druggist and get one dollar (the same price the world over) procure a box of these tablets. If you prefer you may secure them direct by sending price to the Marmola Co., General Motors Bldg., Detroit, Mich. They reduce steadily and easily. No need for tiresome exercise or starvation diet and no unpleasant effects—Adv.

The electric power industry of North Carolina in 1924 made provision for more than \$19,000,000 new investments.

A COUGH REMEDY WITHOUT OPIATES
Many cough preparations contain some one or more harmful drugs which are added to take the place of opiates. None of these narcotic substitutes have ever been used in FOLEY'S HONEY AND TAR COMPOUND. The name of every ingredient is plainly printed on every carton. You know what you are taking when you take Foley's. It clings to the throat. Good for old and young. You have a cough, why not try it? Refuse substitutes. Sold everywhere—Adv.

FIND DEATH OF WORKER DUE TO ASPHYXIATION

John V. Theis, 55, fermenter of Anaheim, whose body was found at the bottom of a 15 foot vat, at the Crystal Chemical company, Anaheim, Saturday night, came to his death from asphyxiation, after breathing carbon monoxide fumes, according to a verdict reached by a coroner's jury, sitting in the case at Anaheim yesterday.

The jury wrote in the verdict that they were of the opinion that negligence on the part of the company had been displayed in not providing safety appliances for employees who enter the vat.

Police News

Police arrested C. E. Singleton, 34, 519 East Fourth street, yesterday, after his former wife had complained to officers that he had assaulted her and taken away about \$30 in money. After his arrest, the woman stated that she had found the money in her purse and that the man was not guilty of robbery as he was charged at the jail. A charge of vagrancy will probably be placed against him today it was said.

George W. Robertson, 48, was arrested by Officer W. A. Swain last night, charged with being drunk. He was lodged in the county jail.

Held in jail on a charge of suspicion, Walter Bunyard, newly arrived from the East will appear today in court. He was arrested last night by Officers Swain and Elliott and was said to have been peeping into windows at the home of Merle Dean, 811 West Fifth street.

Police have been asked to look for one H. B. Smith, who last night held up and robbed a Japanese in Long Beach of \$200 in money and several checks. He was driving a small car and was thought to have come in this direction.

Burglars who entered the Millway garage, owned by Mrs. Ed Cyr, near Smeltzer Sunday night, robbed a punch board of prizes and took several cartons of cigars and several boxes of cigars, according to a report on file at the sheriff's office today.

The world's record for the production of copper is held by a mine in the Belgian Congo, which in August of last year had an output of 9111 tons.

Let me rebuild your old suit. Hoffman, 603 No. Main.

MURDER WILL BE LAID TO SHEPHERD

(Continued from Page 1.)

the inquest, left Chicago to regain her health. She is now in Los Angeles, but will return if necessary to testify against Shepherd. She claims that he did everything in his power to prevent her marriage to McClintock.

Miss Ruby Peel and Mrs. J. D. Davidson of Albuquerque, N. M., who arrived here today in response to a message from Shepherd, were taken into custody by officers and driven to Crowe's office.

The officers said Crowe wanted to question them.

The Shepherds went to Albuquerque a few days after McClintock died, it was stated.

Amazing Statements Made
Fauman's confession was taken down by shorthand reporters and was transcribed today. It was an amazing revelation of his relationship with Shepherd, the inception of the plot, and the execution.

"Some time after McClintock was sick Shepherd came to me," Fauman said. "He was very excited, saying that the doctors were vaccinating McClintock and he was afraid it might counteract the germs he had administered."

"I told him not to worry, that the boy was too far gone—that death was certain."

"I studied his face when I told him that. His nervousness disappeared. He relaxed. He seemed satisfied. There was no evidence of remorse."

Fauman then told of Shepherd's visit to his university shortly after McClintock's death.

"He came out to get the letter he had written to me—the letter in which he sought a pardon in my school. I showed him my files and he jerked the letter out."

"That letter is worth something to me," I told Shepherd. I asked him where the hell it came in at."

"What do you want?" Shepherd asked me.

"I told him I thought my services were worth two hundred grand."

"He laughed and said I shouldn't be ridiculous. He said he hadn't got McClintock's money yet."

"And so I compromised and said he should give me \$100,000."

"That suited him better and he said 'everything will be taken care of.'"

Prisoner Won't Talk
Following Fauman's complete confession, Crowe's staff tried to get Shepherd to talk, but his experience as an attorney and the advice of the legal counsel he has retained frustrated their efforts.

Shepherd is being held at a downtown hotel, a staff of detectives standing guard over him.

Until Fauman made his full confession Shepherd laughed at the charges against him. Today, however, his manner was changed. He stubbornly refused to be interviewed and in reply to all questions he repeated:

"He's a liar."

Healthier BABIES Where Rugs are CLEANER

Every baby has to take his tumbles on the floor. But the floor he tumbles on isn't clean till every bit of germ-laden grit is drawn from the very bottom of the nap. To get that out, while the rug's down on your floor—you need the DOUBLE ACTION of the

Premier Duplex

You need the MOTOR-DRIVEN BRUSH that picks off threads and lint, shakes and vibrates the rug, loosens all the deepest trodden-down dirt.

And you need the POWERFUL SUCTION that draws it all up—dust and dirt and lint and grit from the very bottom of the nap. Strong suction that means efficient attachments, too, for every cleaning purpose.

Worried About Your Health?

HAS a cold or attack of grip left you lame and stiff; miserable with backache—"all run down?" Then how about your kidneys? You know, winter's colds and chills throw a heavy strain on the kidneys. The kidneys are apt to slow up in their work of filtering poisons from the blood. Then may come constant backache, rheumatic twinges, headaches, dizziness and bladder irregularities.

Why not try Doan's Pills? Doan's action on the kidneys is to assist elimination of body impurities. They have no injurious effects and are known the world over for the good they have done. Ask your neighbor!

Here is Santa Ana Proof

Mrs. E. S. Burdick, 1023 W. 5th St., says: "I had kidney complaint and became run down. My back often ached as if it would break, and my kidneys acted irregularly. I read of Doan's Pills and got some from Park's Drug Store. They gave me relief at once, regulating my kidneys and benefiting me in every way."

Dry Goods Shoes Ready-to-Wear Notions

Shoes that Bloom in the Spring, tra la!

NO, shoe trees do not produce blossoms, and we're not trying any humorous stuff on you—but we are again impressed with the versatility of the Packard factory, which seems to bloom with new ideas every spring. Is there another make of shoe which offers a man so many distinctive, stylish models of shoes? No. Each kind of foot, short, stubby, long, thin—all shapes—has several special styles to please the eye as well as the foot. Here are three, new, widely diverging models just unpacked:

"Rugby"
A New Dressy Shoe of Flat Lines, Light Tan
\$9.50
A style of shoe for the average foot; for a man who wears, say, an 8 1/2 D or similar proportions. It is well moulded over the foot, with the fitted flat outer side effect. It's a Packard—a humdinger!

"Norfolk"
A New Shape That Gives a Shorter Foot Effect
\$9.50
Ladies' short vamps haven't a thing on the "Norfolk." It is the first model of its kind we have seen, and you'll like the style idea very much. It comes in a new light tan, too. Likewise a Packard—a bear!

"Regis"
New Styles in the Narrow Widths for Slim Feet
\$10
The very last whisper in style for the man with the narrow foot. Being of soft kid, it is considerate of tender feet. Being narrow, it is naturally dressier than most of the new styles. A Packard, of course!

P. S. They're Packards!

PERKINS—Born to Mr. and Mrs. Willis Perkins, Orange, at Santa Ana Valley hospital, March 17, a son.

HUTCHISON—At their home, 1421 West Fifth street, March 15, 1923 to Mr. and Mrs. Frank Earl Hutchison, a daughter, Frankie Erlene Hutchison.

Death Notices

A WORD OF COMFORT
There are tragic experiences in life, which appear to you to blot out the sunshine of God's love. In reality, they create a solitude wherein your heart is opened as never before to a consciousness of His presence undistracted by the world. You learn to know His love and to depend upon it. You come back chastened and clear-eyed with a new vision of what you are living for. Ah! cherish your hours of solitude with Him!

YNIGUES—March 16, 1923, Mrs. Jovita Valdez Ynigues, of Garden Grove, aged 72 years.
Funeral services will be held tomorrow, Wednesday, March 18th at 2 p. m. from Smith and Tuttle's chapel. Interment Fairhaven cemetery.

Mrs. Ynigues is survived by her husband, Mr. Ynigues and a son, E. Valdez, of Orange.

WOOD—At Laguna Beach, March 16, 1923, Marion G. Wood, aged 16 years, daughter of Dr. and Mrs. E. H. Wood. Services will be held in Riverside, time to be announced later by Windigler's Mission Funeral home.

CARD OF THANKS
We wish to thank our friends for their kindness, sympathy and beautiful floral offerings rendered us in our recent bereavement, especially the church people and Royal Neighbors who were so loyal.

LESTER DALLAS AND SON,
MR. AND MRS. J. W. DALLAS,
MR. AND MRS. A. D. WALKER,
MR. AND MRS. S. W. SHEPHERD.

L. O. O. F. Attention: Second degree team practice, Monday and Tuesday evening, preparatory to visiting El Segundo on Thursday evening. Wm. A. Maryme, N. G. Geo. E. Peters, Sec'y.

Attention Knights of Pythias, Santa Ana Lodge No. 149, will confer rank of Page Wednesday, 7:30 p. m., March 18. Members and visitors are urged to be present.

Notice. There will be a Masonic dance and card party at the Masonic Temple Tuesday evening, March 17th. All Masons and their families are invited.

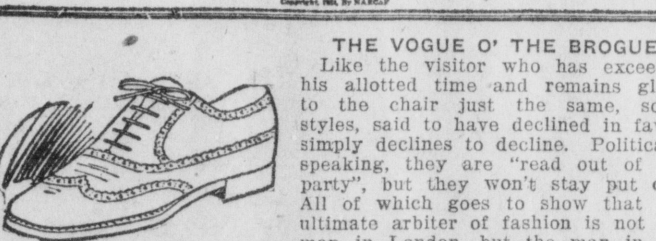

Entertainment Committee.

CORRECTION
An error was made in announcing a meeting of Silver Cord Lodge No. 505, F. & A. M., for tonight. There will be a social evening instead, for all Masons and their ladies.
WARD SUTTON, W. M.

More than 50 years ago the Missouri legislature created the office of county marshal of Jackson county, Mo., for the sole purpose of catching the bandits. The office has just been abolished, slowing the speed with which legislatures work.

Polk County, Florida, produces 75 per cent of the world's phosphates.

The Well-Dressed Man
By BEAUNASH
Correct Clothes To Meet The Obligation Of Every Occasion

THE VOGUE OF THE BROGUE
Like the visitor who has exceeded his allotted time and remains glued to the chair just the same, some styles, said to have declined in favor, simply declines to decline. Politically speaking, they are "read out of the party", but they won't stay put. All of which goes to show that the ultimate arbiter of fashion is not the man in London, but the man in the street. Dispossess your mind of the notion that styles are created by a few fickle gods who sit behind sealed and guarded doors debating and deciding how the world must dress. There are, to be sure, many men who think that they exercise a deep influence upon men's fashions, but, like Santa Claus or playing solitaire, it's all in the mind.

In nine cases out of ten, a style is born of a need—a need for comfort; for service; for self-assurance; for smarter, trimmer appearance; for the easier and quicker accomplishment of a task, like knickers for golf. Or, a style is born of the picturesque quality of its background, such as the Scotch brogue shoe originally designed for tramping and country knockabout. A style is seldom invented; it is usually developed, practical usage suggesting its improvement. The brogue shoe was found to be rugged-looking, easy-fitting and long-wearing. There is nothing handsome about it, but it has a sturdy masculinity for which vertebrate men like it.

While the vogue of the brogue has been going on for years and while the trend of fashion for business wear is toward lighter and plainer shoes, thousands of men want and wear brogues and can not seemingly be weaned away from them. Correctly, the brogue is only a sporting and country model, topping for golf. It has, however, been generally adopted for town use, especially to accompany wool or silk-and-wool hosiery. There it stands with two bulging feet firmly planted. Budge it, if you can.

The brogue, sketched here, is the familiar wing-tipped model having circular perforations upon the vamp, quarter (top) and paralleling the eyelet-stays. It is procurable in either the plain or Blucher shoes and in black and tan. The materials are usually sturdy pebbled Norwegian or Scotch grained leathers, sometimes finished with brass eyelets. Soles are

The Cheerful Cherub

I long to be in the country now
Where birds are building in the eaves,
To hear the soft mysterious talk
Of rain among the budding leaves.

News Briefs

The Misses Josephine E. Williams and M. Louise Williams, prominent club women of Scranton, Penn., who have been wintering in San Diego, are stopping at St. Ann's Inn. They expect to leave within a few days for their home in the Keystone state.

L. M. Gordon, a business man of Oakland, and Mrs. Gordon, are among the arrivals at St. Ann's Inn.

Arrivals at Hotel Santa Ana include Mr. and Mrs. W. R. Bayd, San Diego; Joseph A. Ruegg, Riverside; Mr. and Mrs. J. R. Holman, Pasadena; F. A. Zerman, Glendale; E. R. Schiff, San Francisco; E. B. Pike, San Francisco; Mr. and Mrs. Carlo Retcoff, Los Angeles; H. F. Osgood, Riverside.

Elaborate preparations are being made by members of the Roman Catholic church for reception of Bishop McGovern of Cheyenne, who, according to advices received by Monsignor Henry Eummelen, rector of St. Joseph's Roman Catholic church, is due to arrive next Saturday afternoon. The prelate

You And Your Friends

Please Phone or Mail Items

George W. Young of the Van Dien-Young company, returned yesterday from San Diego, where he attended the convention of the Building Material dealers. The delegates also made a trip to Ensenada, Lower California.

Mr. and Mrs. W. N. Corwin of Hemet were week-end guests of Mrs. Corwin's mother, Mrs. Mary A. Cox of 806 North Ross street.

Mrs. Thomas S. Blair of 618 South Broadway and Miss May Fox of Harrisburg, Pa., an old friend of Dr. and Mrs. Blair who has been spending the winter at the Hawthorn home, 412 West Second street, attended the Presbyterial in Los Angeles last week and called upon friends.

Frank Noble and H. A. Taylor of the Holly Sugar company left this morning for Sydney, Mont., where the machinery from the Anaheim sugar factory recently dismantled, was sent, and where they will set it up for the opening of a new factory there. The men traveled over the Union Pacific.

Mrs. G. R. West of 1007 Riverine avenue enjoyed a week-end visit with her son, George West, and family of El Segundo, and on Sunday with her son-in-law and daughter, Mr. and Mrs. Charles Dyer and a party of friends from Los Angeles, the entire party going to Orange County park to spend Sunday.

Mrs. Herbert Soest and Mrs. Michael Thompson of Los Angeles were guests yesterday in Santa Ana, coming down to attend the Monday afternoon Ebell party, at which Mrs. Thompson's mother, and Mrs. Parker's aunt, Mrs. Alice Harris, was the hostess.

Mrs. Emil Howard of Los Angeles, formerly Miss Katherine Waddell, was a luncheon guest yesterday of her old school friend, Mrs. Mae O. Rogers of 2063 North Main street, and also attended the Ebell function, where she was greeted by many of her former Santa Ana friends.

Mr. and Mrs. O. M. Robbins were among Rotarians leaving for Fresno this morning to attend the convention being held by the Rotary clubs in that city.

Mr. and Mrs. J. H. Lounsbury of 506 North Parton street left last night on the Santa Fe Missionary, their destination being St. Louis, Mo.

Mrs. Porter Luther and little daughter Phyllis were recent guests of Mrs. Luther's mother, Mrs. Lillian Hadley, at Owensmouth. During their stay, Mr. and Mrs. Irvin Hadley entertained at dinner for Mrs. Luther.

Miss Beulah May, talented Santa Ana is one of the contributors toward the new exhibit of bronzes, marbles and casts that opened at the Southwest museum in Los Angeles last Sunday to continue until April 8.

Mrs. Crittenden Lowrey and her two little daughters, Norma Louise and Katherine of Los Angeles were week-end guests of Mrs. Lowrey's sister, Mrs. P. D. Hawkinson at 412 West Second street. Little Miss Norma Louise is a budding violinist and pleased her aunt's guests at a Saturday social function at the Hawkinson home.

Among those attending the Presbyterial at Hollywood last week were Mrs. Leonore Ward, Miss Edith Ward, Mrs. J. N. Osborn and her cousin, Mrs. H. A. Allen, Mrs. Harry Lewis, Miss Ida Mitchell, who went up on Wednesday, Mrs. W. E. Roberts, wife of the pastor of the First Presbyterian church, and Miss Phyllis White, secretary, who attended the young people's meeting on Friday. All of the Santa Anans returned home on Friday night.

GET 'BIG TOP' READY FOR S. A. AUTO SHOW

The tent for the automobile show opening here Saturday night was being placed in position this afternoon on a vacant lot at the corner of Spurgeon and Third streets. The tent extends from Spurgeon to French street.

Decorations will be installed tomorrow as will be the lighting service and other equipment requisite to the type of show that will be put on. Dealers who have reserved space in the show tent will be permitted to start work tomorrow evening on the arrangement of their respective booths, and by Saturday evening every exhibit will be in position.

According to Robert Cavenagh, who is managing the show, it will be one of the best ever held here and will be devoted exclusively to the display of automobiles and accessories.

A number of the exhibitors have arranged surprises and are zealously guarding the displays.

Indianapolis is to entertain this year's convention of the American Association of University Women.

Former residents of Michigan will gather in Sycamore Grove Park, Los Angeles, Saturday for their annual picnic reunion. An attractive program has been arranged, a notice sent out today said.

The annual Mower county, Minnesota, picnic is scheduled for next Saturday at Bixby Park, Long Beach, according to notices received by The Register.

The Spurgeon school P. T. A. will meet Wednesday, March 18, 1923, in the kindergarten room. All parents and friends are cordially invited, a notice sent to members today said.

CHARGES MADE WITH CRUELTY. SEEKS DECREE

Gertrude Fitschen, formerly of Orange and Santa Ana, who separated from her husband, Fred Fitschen, at Escondido last November 2, today filed suit in the superior court for divorce, charging cruelty. Attorney Leonard Evans, of Anaheim, represents her in the action.

A year after their marriage in Orange November 16, 1921, Fitschen started leaving his wife at night, she alleged. Once while they were in San Diego, she said, they made an appointment for 9 p. m. to start home for Escondido. Fitschen, however, failed to keep his appointment and his wife waited, she said, in the San Diego plaza until 1 a. m. before he appeared. He told her he had been attending lodge, she said.

To Hear Alimony Claim
William Johnson, of Anaheim, defendant in his wife's suit for divorce, has been ordered to appear before Superior Judge R. Y. Williams March 20 at 2 p. m. for a hearing on Mrs. Grace Johnson's claim for alimony. The order, just issued by Judge Williams, includes a temporary injunction restraining Johnson from "placing any restraint upon his wife's liberty."

Gets Interim Decree
An interlocutory decree of divorce was on record today in the superior court in favor of Margaret E. Post, who sued her husband, William P. Post, charging desertion and non-support. Judge Z. B. West granted the decree. Attorney Georgia P. Bullock, of Los Angeles, appeared for Mrs. Post.

Charging his wife with desertion, E. Roger Sherman of Santa Ana has filed suit in the superior court for divorce from Irene L. Sherman. They were married in Oklahoma in 1920 and separated May 12, 1923. Sherman, who is represented by Attorneys Z. B. West Jr. and Franklin G. West, asks custody of his son, aged 4.

Got Job, Beaten, Claim
When W. E. Yeater, of Fullerton, came home from work and found his wife had got a job, he accused her of being out with other men and proceeded to beat her, she complained, in a divorce suit on file in the superior court today.

Urma Yeater, the wife, filed her suit through Attorneys Z. B. West Jr. and Franklin G. West, of Santa Ana. The Yeaters were married in Fullerton April 22, 1923, and separated last Sunday.

Loren Murchison and Paddock Off For World Jaunt

SAN FRANCISCO, March 17.—Leaving on an around the world tour in the interest of clean amateur athletics, Charlie Paddock and Loren Murchison, two of the cin der path's fastest stars, sailed from here today.

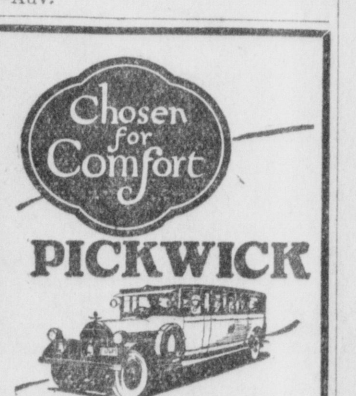

The sprinters will give exhibitions and deliver talks on athletics in all countries on their itinerary, including the orient and most of the European nations.

Paddock's parents are in the party. Through negotiations conducted by the Indiana Industrial Board it is proposed to transfer thousands of idle coal miners of southwestern Indiana to the steel mills of South Chicago for permanent employment.

Mme. Yuko Takahashi is the first native woman to become a college professor in Japan.

NIGHT COUGH QUICKLY RELIEVED

This is the substance of a letter received from H. W. Webb, Quincy, Ill. "I coughed a great deal, especially at night. Tried almost everything and have found nothing to equal FOLEY'S HONEY AND TAR COMPOUND. One dose relieved my cough and I rested well all night." One of the largest selling cough medicines in the world. Contains no opiates. Safe for children. Insist upon Foley's. Refuse substitutes. Sold everywhere.—Adv.

Dear Doctor:

(An Open Letter)

As a professional man you are credited with knowing the intricate mechanism of mankind.

Your knowledge and skill are your stock-in-trade, both necessary elements in successful practice.

Yet, before a patient willingly submits himself to your care for treatment, he must have confidence in your ability, faith in your efficiency.

Instinctively you are judged by appearance; first impressions are usually lasting ones.

No professional man should neglect the opportunity of making a favorable impression—of establishing confidence—of making this his creed—

ARRESTS OVER WEEK END MAKE NEW HIGH MARK

A new record for this year, for the number of speeders and alleged violators of the state motor vehicle laws, was set over the week-end by the Orange county traffic squad, a count of the complaints on file with District Attorney A. P. Nelson revealed today. Forty-six arrests were made.

A number of the complaints allege that the defendants exceeded the 50-mile speed limit, and it is Justice of the Peace Kenneth Morrisson pursues his general policy in such cases a number of the defendants may be given jail sentences.

Complaints were issued against the following, charging traffic law violations, speeding for the most part:

Harold A. Dennis, 775 Kensington street, Los Angeles; George W. McIntire, 516 Pacific Southwest building, Long Beach; George Isett, 406 Budlong avenue, Los Angeles; Osmond T. Holping, Alhambra; E. A. Swarthout, Vanderbilt hotel, Los Angeles; L. Portwood, Charing Cross street, Los Angeles; H. O. Dittmer, 247 North Pacific street; Huntington Beach; Lloyd W. Bates, 1120 Fourth street, National City; Charles S. Wise, 652 North Dillon avenue, Los Angeles.

J. E. Moon, 1800 Sunset boulevard, Los Angeles; Ed Rose, 1929 East Sixth street, Long Beach; Boyer W. Knight, 1147 Screamore street, Santa Ana; A. E. Hoffman, 800 Howard boulevard, Los Angeles; Ralph Brown, 639 Eighteenth street, San Diego; Sam Gordon, 359 3-4 Columbia street, Los Angeles; H. M. Seisbuttel, Arman Hotel, Los Angeles; M. H. Jones, 3445 Leo street, Los Angeles; Fred Kelly, 2248 Terrace Heights, Los Angeles.

K. H. Harding, 3205 West Seventeenth street, Los Angeles; Emil Brix, 1357 Wilshire, Los Angeles; Elton B. Brown, 2607 Wilshire, Los Angeles; W. B. Harrangue, 1217 East Anaheim street, Long Beach; Blair Bolin, care U. S. S. Bloomer 222, San Diego; W. F. Schuler, 2320 Ocean View avenue, Los Angeles; L. P. Cox, U. S. S. Altin, San Diego.

Walter Greening, Norwalk; Cecil Copeland, 635 Burnett street, Long Beach; M. E. Boyle, 3348 Third street, San Diego; Alfred Stran, 809 West Sixth street, Los Angeles; J. O. Ames, 870 Larabee Sherman, Los Angeles; Mike Boyd, 310 Clay street, Los Angeles; L. C. Nichols, 7746 Santa Monica avenue, Los Angeles; E. O. Green, 816 West Forty-second place, Los Angeles; H. C. S. A. EDUCATORS SHOW KEEN INTEREST IN TENURE BILL NOW BEFORE LEGISLATURE

Because of the fact that Assemblyman S. C. Hartranft, of Fullerton, representing this district, is chairman of the assembly education committee, more than ordinary interest is being evinced in local school and educational circles over the fate of the amended California teachers' tenure bill, reported out of committee a few days ago.

According to advices received here, there were heated attacks on the bill. Notification is given that proposed amendment which include in the provisions of the act principals and supervisory instructors in school districts employing eight or more teachers, would be fought to a finish on the floor of the assembly.

The fight developed on consideration of Assemblyman Ekwand's bill No. 1120, which was passed out of committee with members opposed to it voting for the action of the grounds that the matter was of such importance it required a complete airing before the full assembly.

Want Safeguards

Representatives of the teaching profession appeared in defense of the bill, pointing out that the lack of proper safeguards would not only demoralize the teaching profession but make teaching a sort of temporary meal ticket for better and more satisfactory employment. The opposing view was led by Assemblyman S. V. Wright, a member of the education committee, who received support from Assemblyman Tom H. Louttit, also a member of the committee, and other assemblymen, including Roscoe J. Anderson of Redding.

Assemblyman Louttit declared he objected to the bill and to the system of teachers' tenure generally because, it is reported to have said, it "works for the aid of incompetent teachers." He said further that he is opposed to any plan of legislation which seeks to limit the powers of duly elected officers to carry out the duties and responsibilities for which they were elected.

Act Provisions

The tenure act, written into the statutes at the 1921 session, where it was fathered by Assemblyman Ekwand, provides that where a teacher is employed in a district containing eight or more teachers, re-engaged for the third year, and that teacher remains permanently on the payroll of the district unless removed for incompetence, disobedience to orders or other specified reasons, after charges have been filed and a hearing held.

At that time the bill was enacted into law with a view of making the teaching profession more attractive to desirable teachers and to lend security to their employment.

Discriminating, Claim

A short time ago the 1921 ten-

ure bill was declared unconstitutional by the superior court of Napa county, on the ground that it discriminated between teachers employed in small and large districts.

The proposed amendment to the act broadens the scope of the bill to include those educators actively engaged in teaching or in supervising work actually in the schools, who were not included in the original act.

Assemblyman Wright, in opposing the bill, deplored what he termed the tendency toward perpetuating paid servants of the public in their jobs and cited the civil service situation in Washington as an example of the "evils of the condition." He declared federal offices and bureaus are cluttered up with incompetents and that it would be better to wipe out the whole system and start it all over again.

S. A. ROTARIANS TO SPEAK AT COLLEGE

Rotary ideals are to be emphasized in addresses before the students of the Santa Ana junior college at regular assembly tomorrow afternoon when several prominent members of the Santa Ana Rotary club are scheduled to speak.

The entire program is in the hands of the Rotary club. In addition to the addresses, musical numbers have been provided. Robert Brown is to give a vocal solo and the Rotary glee club is to sing.

On the program D. K. Hammond, principal of the high school and junior college, is to speak on "Service Clubs" with special reference to the Rotary organization. Rev. William B. Roberts, pastor of the First Presbyterian church is to talk on "The What and Why of Rotary." The third speaker is W. H. Spurgeon Jr. who is scheduled to speak on "The Rotary Code of Ethics."

FAMED ARTIST IS GUEST AT ST. ANN'S INN

Heading the list of prominent arrivals at St. Ann's Inn is Gardner Symons, internationally known artist, who registered yesterday from New York, where he maintains a studio. He is accompanied by Mrs. Symons, and the latter's daughter, Miss Irene Trevoner.

The distinguished visitor whose paintings are displayed at the foremost art galleries in this country, Europe and South America, began the study of art at the Chicago Art Institute. Afterwards he studied in Paris, Munich and London, finishing his studies with Italian masters in Rome and Florence.

Art critics have written much in praise of his paintings, and class him among the best of American landscape painters. Included among awards, prizes and honors accorded him are the Carnegie prize, awarded by the National Academy of Design; the coveted Evans prize, awarded by the ultra-fashionable Salmagundi club; the National Arts Club prize and gold medal.

He is a member of the Royal Society of British Artists, the Union Internationale des Beaux Arts et des Lettres; the Society of Washington Artists, the National Institute of Arts and Letters, the Century Club, and the Salmagundi Club. He was elected life member of the National Art Club and holds honorary and associate membership in a number of foreign art and literary associations.

Hasten Work On Road Along Sea

LAGUNA BEACH, March 17.—The road from Newport Beach to Laguna Beach is in splendid condition for a part of the way and the work is being hastened. The contractors expect to have the road ready for heavy traffic by May 15. The grades are easy, none more than 6 per cent, and the sea view is superb, care having been taken to protect the scenic part of the undertaking.

Woman's Page

Musical Feast For Luncheon Club and Guests

It is with a feeling of intense pride that the Business and Professional Women's club last night offered a remarkable program to friends and guests who assembled at St. Ann's inn for a St. Patrick's day dinner which the club gave as its monthly entertaining feature.

For the program offered a rare musical treat presented by some of the city's most talented artists and held the diners spellbound for the after-dinner period. The March entertainment committee, Mrs. Olive Lopez, Miss Lena Thomas and Miss Ruth Walker, had all plans for the evening carefully worked out from menu to program details and in every point, it proved to be one of the most delightful events of the club's history.

Madame Manuela V. Budrow, the "Spanish Nightingale," and Earl Fraser, one of the most brilliant pianists of the southland, were the bright particular stars of the evening, with lone Tunison Peck and four young men, Messrs. Robert Bradford, Arthur J. Smith, Edward Delgado and Robert A. Jones, pupils of Madame Budrow, aiding in giving the program.

The dinner served by Manager Thiele of the Inn was a most delicious one and the service was quiet and swift with the corps of young women who are such favorites of the club, augmented by others equally skillful and courteous in serving a meal delectable and white, small vases held golden daffodils and green candles winked above shamrock place cards, all adding to the sparkle and charm of the scene.

The menu was translated into Irish terms from the Shaun Rua fruit cocktail to the River Shannon coffee and was a most enjoyable one, enlivened by an occasional Irish story related by the president, Miss Mabel McFadden and some of the famous raconteurs of the club, Miss Justine Whitney, Miss Doris Robbins, Mrs. Lopez and others.

Mrs. Lopez was presented with the president's gavel for the entertainment period and introduced the artists in friendly fashion, beginning with Robert Bradford whose choice of "Morning" as an opening song was particularly delightful. It was with much interest that those present heard this young man whose voice even in junior high school days, attracted so much attention. It has developed and grown until he bids fair to be one of the leading soloists of the community. In response to the applause which greeted his "Morning," Mr. Bradford sang a lyrical bit, "You Along O' Me." Mrs. Peck played the sympathetic accompaniments as she did for each of the singers in turn with the exception of Madame Budrow.

Arthur J. Smith's clear tenor voice, sweet and strong, was brought out beautifully in the well-loved "La Donna Mobile" from "Rigoletto" which he sang with a depth of feeling in the original Italian. In a far different style was a second number which he gave in response to the appreciation of his audience, choosing the lilting melody of "How Ireland Got Its Name," which was in complete harmony with the occasion.

"Lolita" was the choice of Edward Delgado whose rich baritone is delighting so many audiences and who sang the lovely serenade with power and feeling. Recalled by the hearty applause, Mr. Delgado sang Oley Speaks' "Sylvia" with peculiar sweetness and was compelled to rise and bow several times in acknowledgement of the expressed appreciation of the group.

It was with quickened interest that all heard the introduction of Mr. Fraser for it had been announced that he would play some of his own compositions. His first number was one of his own, a Concert Waltz of unusual strength and brilliancy and extremely modern in theme and development. Naturally it was greeted with enthusiasm but Mr. Fraser felt that the limitations of the upright piano prevented him from playing the more brilliant class of music and contented himself with a more subdued selection for an encore number, choosing a Chopin Nocturne of delicacy and charm to which he brought his own remarkable skill and exquisite musical touch.

Double Surprise For Birthday Events Gives Pleasure

The S. J. Hales home at 1727 North Main street, resounded to gaiety last night when a double social feature was presented by Mr. and Mrs. Hales in honor of the seventeenth birthday of their daughter, Miss Sara Hales, and the nineteenth birthday of one of her friends, Lincoln Norman.

The pleasant event began with a formal dinner at which covers were placed for Mr. and Mrs. Hales, hosts, the honorees, Miss Hales and Mr. Norman, Mr. and Mrs. Lewis A. Norman, Mr. and Mrs. W. J. Hales and Howard Paul Hales.

The table was charmingly appointed with sweet peas in delicate tints harmonizing with dainty blue candles and other decorative motifs. A four-course dinner was served and followed by a sufficiently pleasant manner in which to celebrate even so important an event as twin birthdays, but as 9 o'clock drew near, a surprise feature was introduced.

This was the arrival of a group of young friends of the two honor guests who had been bidden to a dancing party and who entered into the pleasures of the evening with an enthusiasm equal to that of the birthday celebrants.

Rugs were speedily rolled, furniture set back and a pile of dance records placed by the big phonograph. A series of lively favor dances added to the merriment and soon the air was full of red and green balloons, and gay favors of all description. Particularly attractive were the saucy green caps worn by the young men and the dainty dancing maids presented the young women.

Orange punch offered refreshment throughout the evening and at a late hour Mrs. Hales served brick ice cream centered with shamrocks, and a huge birthday cake wreathed with shamrocks and bearing nineteen glowing candles.

In addition to the group who made up the dinner guests, those bidden to honor Miss Hales and Mr. Norman included the Misses Beth Nunn, Merle Knox, Adelaide Spencer, Helen Bowers, Florence Renshaw, Stella Perrine, Mamie McDonald, Doris Knox, Josephine Wagner, Helen Smith, Melba Patterson, Margaret Paterson, Jewel Fletcher and Messrs. Daniel Cook, Lloyd Morris, Lloyd Redmond, Gale Jordan, James Greely, Geo. Walker, Arthur Norman, Harold Vieira, Errol Norton, Wilbur Young, Wallace Scott, Jack Hickman and Herbert Smith.

Pupil Recital

The music room of the B. J. Chandler Music store which is fast becoming a popular center for recitals, was again filled to capacity last Saturday evening when Miss Etta Hale presented a group of her expression pupils in one of the most enjoyable programs of the season, and Miss Hale is being showered with congratulations on the success of her recital.

While there were no dull moments on the program, several numbers stood apart in their brilliant delivery. Little Jean Smith, of her expression pupils in one of the most enjoyable programs of the season, and Miss Hale is being showered with congratulations on the success of her recital.

John and Eloise Schrier were very clever in two musical dialogues and several readings, which showed careful study. Little Ruth Newman, whose sweet voice, in a vocal number charmed her audience, responded to an encore by a reading in negro dialect.

Two tiny maids, perhaps six years old, Dora Archibald and Melva Thorp, won rounds of applause with their groups of clever selections by James W. Foley and Edmund Vance Cook. One of the outstanding stars was Mary-Ana Deaver, who gave a fifteen minute reading without prompting, in appropriate costume. Her characterization of "Sissy Hawkins" was beyond criticism.

Intensely Interesting Was Ebell Program At Monday Tea

What was declared to be the most enjoyable Ebell tea program of the season was offered for the entertainment of Ebell members and guests at yesterday's weekly tea, with Mrs. Alice Harris, member of the ways and means committee, as hostess.

The artists presented were Dr. Marian Tracie Whiting whose name and abilities are known to every radio fan in the country; Mrs. Herbert Soest, a talented reader who will be remembered as Miss Grace Parker, daughter of Mrs. Ella M. Parker of this city, and Sioma Bergarten, a young Anglo-Polish composer and artist recently come to the Southland.

Mrs. Harris was assisted in hostess duties by Mrs. W. L. Grubb, Mrs. L. A. Chenoweth, Mrs. Clarence Gustin, Mrs. J. P. Hatzfeld, Mrs. Samuel W. Nau, Miss Rosa Boyd, Miss Katherine Edwards and Miss Margaret Lyon. The program was scheduled to begin at 2 o'clock and the artists were introduced by Mrs. Grubb, one of Ebell's past presidents, in her usual gracious manner.

The program was decidedly clever in every respect, each individual member of the talented trio, being particularly good. Dr. Whiting, who is a woman of beauty and rare charm of personality and the personal appearance will add greatly to the interest with which her admirers will await her future numbers on the air.

She gave a group of piano-sonatas interspersed with random cleverly told. The principal features of her group were the beautiful "Ships I Have Seen" and "The Janitor's Child." The latter was particularly noteworthy in exemplifying the range of her voice and its capabilities as she presented a deep baritone and even the high rippling voice of a small child.

Mr. Bergarten made a most decided impression and his ability as composer and pianist was shown by two brilliant numbers, the peculiarly liquid melodies of "The Nightingale," an original composition, and the "Fantasia in D Minor" of Spilakowsky.

The pianist was formerly musical director of the Russian Ballet and also for the stage success of "The Better Ole." He came to Los Angeles very recently but is already making an enviable place for himself in the musical life of the coast.

Mrs. Soest gave a group of exceedingly clever readings, quite varied in theme and showing her ability at characterization. The group included "Comfort Poem," the "Rabbinical Origin of Woman," "Bum," "Sorrow and Sin" and "Tonight."

Dr. Whiting brought the delightful program to a close by reading one of Edgar Guest's best loved verses after which the artists were greeted by the enthusiastic Ebell members and their friends, at an informal reception in the lounge. Each of the talented trio was showered with flowers, the gardens of Ebell's president, Mrs. Terry E. Stephenson and Mrs. Horatio J. Forsy, yielding of their beauty for the purpose. The presentation was made by Mrs. Harris.

Following the reception, some of the guests congregated in the banquet room where 22 tables were arranged for bridge, 500 and mah jong. In the center of the room one table was heaped high with daintily wrapped packages from which winners at each table were allowed to choose their own prize. The result was most pleasant and the gifts were highly varied but all very attractive.

Tea was served in charming fashion by the First Current Events section under the direction of Miss Louise Tubbs. The crowd attracted by the program was said to be the largest yet called out by the Monday teas.

Play Announcements For Ebell Club Interest Many

With so many Santa Anans familiar with the work of the Raymond Players of Pasadena, the fact that they have been billed by Ebell society for a two night stand at the Ebell auditorium, will be of particular interest in that it will offer opportunity for others to see two of the clever productions which have aided in making a name for the company and its individual members.

For on Thursday and Friday nights of next week (March 26 and 27) the players will present two of their most successful farce comedies, "A Pair of Sixes" on the first night and "Her Husband's Wife" on the second. The choice of the comedies was made because of their appeal to everyone, for it is true that people love to be entertained and even though many have seen the comedies before they are always new and sparkling. To those who have seen "A Pair of Sixes" for instance, the situations will entertain as much as ever, especially when they are evolved through such cleverness as is evinced by the Raymond Players, while to those to whom the comedy is new, will come a delightful evening of fresh and surprising entertainment with laugh following laugh in amazing fashion.

Both plays bear the endorsement of the Drama League of America and are recognized by that organization as being two of the greatest comedies of the American stage.

The Raymond Players had four seasons of stock in the beautiful Raymond theater in Pasadena, where they won the interest and admiration of the theatergoers of that city and finally of an ever-widening community. The personnel includes such capable actors as Victor Donald, character lead; Wendell Wilson, stage manager and character actor; Betty Thayne, leading lady; Grace Frederick, Isabel Garretson, Elinor Hart and Ferris Benjamin, character actors.

The price for seats will be the same all over the house, and has been set at so low a figure that anyone can afford to see both performances. Seat reservations may be made at the Santa Ana book store and it is predicted that there will be a rush for seats when Santa Ana theatergoers learn of the treat in store for them.

Under the direction of Miss Edith Cornell, the Julia C. Lathrop school will present a program in connection with the regular Parent-Teacher meeting Thursday, March 19, at 7:30 p. m. The Girls' Glee club will give "The Seven Ages" in costume. Several other special numbers are planned. The following teachers will be present as guests of honor, and parents having students in their classes are especially invited: Miss Lana Brokaw, Miss Chalmers, Miss Walker, Miss Lella Thrasher, Mrs. Wolfe, Mr. Rowley, Miss Cornell and Miss Bemus.

Parents are requested to observe that children, including those on the program, will not be admitted unless accompanied by an adult. This ruling is necessary in order to protect the school property and preserve order.

A full attendance of members of the Judge Thomas Bible class of the First Presbyterian church is requested for the monthly meeting Friday afternoon at 2 o'clock, for election of officers will be the important business of the session.

Members are asked to bring with them one prepared dish and sandwiches for their individual dish supper to be served at 6 o'clock when husbands will be honor guests.

Pioneer of the City Is Surprised On His Birthday

Edward F. Waite, pioneer of Santa Ana and for many years city assessor, was given a very pleasant surprise last Saturday night, when he was visited at his home, 1608 North Broadway, by a company of relatives gathered to celebrate his sixty-third birthday.

Evening hours were whittled away with social chat and the game of rook. Mrs. Charles Lipscombe, daughter of Mr. and Mrs. Waite, entertained with some instrumental numbers, and late in the evening dainty refreshments were served, the honored gentleman cutting the birthday cake, while his relatives wished him many more such happy anniversaries.

Those present besides Mr. and Mrs. Waite, were Mr. and Mrs. Harry Jesson, Mr. and Mrs. Will Adamson, Mr. and Mrs. W. C. Young, Mr. and Mrs. Charles Lipscombe, Mrs. Olive Lopez, Mrs. George W. Young, Mrs. Clara Andrews, Miss Ruth Andrews, Miss Rose Young and Miss Minnie Young, who planned the party and assisted Mrs. Waite in her pleasant hostess duties.

St. Patrick's Bridge Is Pleasant Event
Miss Marie Brecheen of 408 West Walnut street was hostess last Saturday evening at a charming St. Patrick's bridge party, her cosy apartment being a symphony in green, honoring the season.

Score cards for the game which formed the evening's diversion were appropriately hand-painted, the prizes being awarded to Mrs. Frank Stephens and Dr. Harold F. Mowat. Dainty refreshments were served carrying out the color tones, the nut cups being in the shape of St. Patrick's hat decorated with shamrocks. Sweet peas were the flowers used for the house decorations.

Miss Brecheen's guest list included Mr. and Mrs. Albert Fields, Mr. and Mrs. Frank Stephens, the Misses Dorothy Carothers, Mildred Smith, Mae Gano, Virginia McClelland, Elizabeth Bruner, Clara Blesener, Messrs. Carl and Peter Palm, Henry S. Williams, Henry Blesener, Dr. Harold F. Mowat and Dr. J. Paul McConkie of Long Beach.

Aid Society
Members of the Aid society of the First Christian church were today advised of an error in the announcement for the all-day discussion of bazaar plans to be followed by a pot-luck supper in the community house, for the event will take place tomorrow (Wednesday) instead of today as was announced. The plans will be the same and as many as possible are requested to attend both the discussions and the pleasant social hour to follow the supper.

Household Economics
The Sixth Household Economic section of Ebell will meet on Friday at 10:30 a. m. at the home of Mrs. P. A. Robinson, 219 East Washington avenue, where members will see for the day nursery. In the afternoon the subject on the program is to be "Art in Relation to Dress." Roll call to be answered by giving an Irish story.

Judge Thomas Class
A full attendance of members of the Judge Thomas Bible class of the First Presbyterian church is requested for the monthly meeting Friday afternoon at 2 o'clock, for election of officers will be the important business of the session.

Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night go weaken your entire system that you can no longer fight off disease.

So stop a cough the quickest way you can. Do this there is nothing better than that old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey both gives a pleasant taste and helps soothe irritation. The quick relief to the stubbornest cough often seems almost magical.

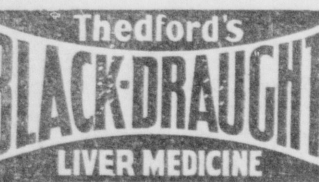

But be sure you get the genuine Dr. Bell's Pine-Tar Honey, and no substitute. Dr. Bell's is the original pine-tar honey and has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic coughing. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only \$2c at all good drug stores.

Pimpily? Well Don't Be

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective results. Take one or two nightly for a week. See how much better you feel and look. 15c and 20c.

WHAT COUNCIL DID

REGULATION OF TREE PLANTING DENIED BOARD

The city council is not authorized by state law to pass to a park commission full authority over the planting and removal of trees in street parkings, according to an opinion given the city council last night by Z. B. West Jr., city attorney. The board can, however, give the commission some authority by adoption of an ordinance, and then by ordinance can designate the kind and nature of trees that should be planted in parkways.

The opinion was given the council last night at the request of the city governing body following receipt of a petition from the park board asking that the council give the board authority to control the removal and planting of trees and that the council submit to voters the proposition of voting a tax levy of five mills on the dollar to provide funds for the commission. West advised that in investigation of ordinances of the city he had not found one providing for the creation of the commission. He said that mere creation of the commission would not have the effect of giving any power to the commission other than in an advisory capacity.

"The council could, by ordinance, provide for an advisory and planning commission to consist of the members as specified. In the petition, to-wit, one member of the board of trustees, one member of the park commission and one member from the street department, whose duties it should be to supervise the selection and planting of all trees in public parks and parkways," the city attorney says in his opinion.

"This, however, to a certain extent would have to be done by an ordinance providing for the kind and nature of trees that would be planted in the parkways, and would have to be done, by ordinance setting forth in detail what would be permitted. It is possible that calling for a permit to plant or remove trees from the parkways would be sufficient. I believe that an ordinance calling for a permit be secured from some officer of the city before removal of, or the planting of shrubs or trees in the parkways would probably be good if passed by ordinance.

"However, the acts relating to the planting of trees provide for the usual procedure by a city through a resolution of intention and notices setting date of hearing and protests, publication, bids for the installation of trees desired, and the usual collection on warrants from the owners of property would have to be followed.

"This resolution would have to set out the kind of trees, size and age, distance apart, etc., and the same act would apply to the removal of certain trees under certain conditions."

The attorney advised that the council could submit at its pleasure the proposition of voting a tax for park purposes.

Reduce! Don't be fat. No effort. So easy. Marcelle Phillips, 208 Medical Bldg. Phone 1732-J.

Yes, we take Standard Oil Script. Platt Auto Service.

Former Banker Quits Job As Policeman

A former banker for the past year has been protecting the property and life of citizens of Santa Ana in the capacity of city police officer, it became known today, following action by the city council last night in granting James M. Smith, a member of the force, leave of absence for six months.

Smith is returning to the First National bank at Fullerton, his father being vice-president of that financial institution. It is understood that Smith is not positive that the banking game will interest him as deeply as patrolling the streets of Santa Ana and that for that reason he asked release from his position for six months. F. W. Howard, 523 North Baker, was appointed to the vacancy.

HUGE QUANTITY OF TIN CANS IS COLLECTED

That the city of Santa Ana, through its trash collection department, is gathering weekly 18 tons of old cans was revealed to the council last night by Nat. H. Neff, street superintendent, through the submission of a report of collections for the basis for consideration by the council of a proposition of a Los Angeles firm to buy the old cans at \$4 per ton. The firm has offered the price for delivery of the trash on board cars here, and the council decided to experiment with the proposition for thirty days.

The experiment will be for the purpose of determining whether the cans can be separated from other trash at a cost where the sale price will return some profit to the city.

It was pointed out by the street superintendent that collection of 18 tons costs the city \$107.55. It is expected that separation will increase this cost.

Literary Club Gives Program At H. S. Tonight

Members of the Hammond Belles Lettres club of the Santa Ana Polytechnic high school are to meet tonight at 8 o'clock in the music auditorium of the high school, it was announced by T. H. Glenn, faculty advisor of the literary society.

Students of the club are to give literary criticisms and original essays at the meeting. As the musical entertainment on the program Miss Ethel Karp is to play piano selections.

Miss Mary Jane Owens and Miss Margaret Carothers are to give a reading. Original essays will be read by Miss Adelaide Spencer and William Golden. Literary criticisms of recent books will be treated by Miss Virginia Thatcher and Victor Walker.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

AUCTIONEERS NOT WANTED BY M. AND M. BODY

The Merchants and Manufacturers association is opposed to letting down the barriers to public auctioneers and recommended to the city council last night that the application of a Los Angeles man for a reduction in the license fee and for a license be denied. The license tax is \$35 a day. The high fee was established two or three years ago to prevent auctioneers bringing old merchandise stocks to the city and selling them at auction.

Award Paving Contract Steele Finley was awarded the contract for paving with asphaltic concrete Ross street south from Fairview avenue to tract No. 352. His bid was 17-1-2 cents for 3-1-2 inch base and 1-1-2 inch surface. The total bid was \$3473.85. The Griffith company was awarded the contract for the same type of work on portions of Kilson Drive, Bishop and Wakeham streets on his bid of 16-1-2 cents. The total is \$8052.03.

The city clerk was directed to prepare a resolution of intention to abandon a blind alley off Cubbon, between Orange and Cypress avenues.

The city attorney was authorized to sign a contract with the Santa Land company concerning operation of the ornamental lighting system on Fairmont and Oakmont avenues. The contract will relieve the city of liability for paying the costs of "juice" supplied the system.

Adopt Resolution of Sympathy A resolution of sympathy to the family of the late Col. W. F. Heathman, city recorder, was adopted unanimously.

Petition of property owners in the North Broadway Park subdivision, asking creation of district for installation and operation of an ornamental lighting system was referred to the city engineer for checking.

Councilmen C. H. Chapman and Frank Purinton were appointed a committee to investigate the proposition of the Motion Advertising company to install an advertising clock on the roof of the Greenleaf building on West Fourth street.

A resolution and an ordinance were adopted providing legal means for the opening of an 80-foot street from Nineteenth street to West Santa Clara avenue, between Broadway and Greenleaf streets. The name of the street is to be Victoria Drive. Condemnation proceedings will be necessary to acquire part of the property needed for the opening of the thoroughfare.

To Pave Van Ness Avenue Following presentation of a petition bearing the names of all the property owners, the city engineer was directed to prepare plans for paving Van Ness avenue south from Fairview avenue to the Wilshire tract.

Resolutions were adopted approving plans and specifications for paving Lyon street, First to Palm.

The city engineer was given authority to proceed with construction of a vault for protection of records in his office. The improvement will be made by extending the vault through the second floor from the office of the water department, on the first floor at the city hall.

Plans were approved for removal of the office of the Merchants and Manufacturers association in the city hall to quarters now occupied by the chamber of commerce when

Movie Magnates Leave Hollywood Says Realty Man

With one block after another of movie property being surrendered to the increasing demands of business and used as sites for state-ly skyscrapers, housing banks, hotels, theaters, stores, offices, etc., Hollywood, America's famous movie city, is rapidly being converted into a typical American business community. And in turn one movie plant after another is moving out, seeking locations at Culver City and other places near the sea where land can be had at reasonable figures.

This is the news brought to Santa Ana by G. M. Fuhrman, well known Hollywood capitalist, who is registered at St. Ann's Inn. Mr. Fuhrman came down to look over his extensive property holdings in this city.

Explaining the exodus of movie concerns from Hollywood, the visitor said that it was due to the big increase in real estate values throughout the entire Hollywood district, which made the large sites held by the film producers too valuable for their purpose.

When the motion picture companies opened up the industry some fourteen or fifteen years ago, they were able to secure land at \$25 per front foot. This identical land is quoted today at figures ranging from \$500 to \$600 per front foot, it was added.

the latter organization vacates its present quarters on the second floor. The office vacated by the M. and M. will be added to the offices of the police department.

Selling Made-in Santa Ana Products

This store gives Santa Ana products the preference wherever possible. We believe any size building in Santa Ana is bound to do us more good than a fifty-story building on lower Broadway in New York City.

When your local dealer makes a profit it is reflected immediately in a finer store, a finer stock—a new building, or, maybe, a new auto, any one of which means work for some one or more individuals in your community. When a syndicate or mail order house makes a profit that dollar is gone from your community. You can't get it again unless you go to Chicago or New York.

We use Santa Ana made sugar at our fountain. We serve Excelsior, Santa Ana-made, Ice Cream. We display Santa Ana-made chocolates every day of the week in our most prominent window. We will donate display space for any Santa Ana-made product whether we sell it or not. Boosting always has made better business—we believe it always will.

S. A. BAND TO GET MORE MEN. NEW EQUIPMENT LEADER SAYS

Brand New Instruments Will Be Purchased, Announces Cianfoni

FIVE PROFESSIONALS JOIN ORGANIZATION

Trumpets Are Substituted For Cornets, Reinforcing Brass Section

Determined to make the Santa Ana Municipal band the equal of the best in the United States, D. C. Cianfoni, director, today announced plans for adding pieces heretofore not attached to the organization, and for replacing many old instruments with brand new equipment ordered from Italy.

The new pieces to be added will be played by five professional men who have completed negotiations with the conductor to come here for employment and to join the band. One of the men already has located in Santa Ana and went to work yesterday in his new position.

The new instruments will be here in two weeks and the five professionals will have been located in the city by that time, and will make their first public appearance here on April 1, when the band will give its last entertainment in the winter series arranged by the Santa Ana Music and Drama association.

Strong Brass Section
In reorganizing the brass section of the band, trumpets have been substituted for cornets, and with cornets and trombones, this section will be the equal of the brass section of the Italian Infantry band with which Cianfoni was connected as assistant conductor.

The new instruments added will include E flat and F trumpets. Reformation of this section was suggested by the conductor and the players at once evidenced their accord and ordered new instruments at their own expense.

In the reed section, two oboes, two flutes, two alto clarinets and a saxophone will be added, the

ORANGE WOMAN DISTINCTLY RECALLS WHEN PRESIDENT WAS INAUGURATED IN 1845

Mrs. Aurel Paine Beach of Orange, who recalls the inauguration of President Polk in 1845. She heard the installation speech given by President Coolidge over the radio.

Coolidge Installation Address Stirs Up Old Memory

Back in Painesville, Ohio, in 1845, some time during the latter days of March, a six-year-old miss asked, "Daddy, what does inaugural mean?"

And Daddy told his little daughter about the inauguration of President Polk.

Eighty years later the same girl sat in the high school auditorium at Orange and heard the inaugural address of President Coolidge.

"And as I sat there and marvelled, I recalled that incident of 80 years ago," said Mrs. Aurel Paine Beach, of Orange, to a representative at her home yesterday.

But let Mrs. Beach, now 86 years old, tell the story:

"When I was a little girl," she said, "my home was on a farm about seven miles from Painesville, 30 miles east of Cleveland, Ohio."

"One day in March, 1845, grand-

Missionary To Be Speaker at Local Church

Services are being held each evening this week in the United Presbyterian church, Bush and Sixth streets, it was announced today by the Rev. W. H. McPeak, pastor. This evening at 7:30 o'clock, Miss Emma Dean Anderson, missionary from Gurdaspur, Punjab, India, will be the speaker.

Miss Anderson has been visiting some of the United Presbyterian churches in the states, under the direction of the Women's General Missionary society. She expects to return to India next September. Mrs. Milford Tidball, president of the Women's Missionary society of the local church, will introduce the speaker.

The special services will continue each evening this week, except Saturday. The pastor will preach each evening. Song service will begin promptly at 7:30 o'clock. Service will be continued each evening next week. The Rev. Johnston Calhoun, of Long Beach, will be the preacher.

FINAL TOUCHES ARE ADDED TO SCHOOL DRAMA

With but three days remaining, finishing touches on the high school play, "To the Ladies," are being added under the direction of Ernest Crozier Phillips in preparation for presenting the annual production at the Santa Ana Polytechnic high school auditorium at 8:15 o'clock Friday evening.

The cast of players, according to Phillips, who is high school dramatic teacher and Community Play director, is developing the fine points of the play which promises to be one of the most successful ever staged at the school.

The play "To the Ladies" was declared by Phillips to be an excellent stage adaptation for the high school seniors. The play was written by George S. Kaufman and Marc Connelly, authors of "Dulcy" and "Merton of the Movies."

SPICER SEES INDICATIONS OF PROGRESS

Reports Conditions Much Improved and Money Plentiful In East

Back from a three months combination business and pleasure trip, Charles Spicer of Spicer's dry goods store, declared today that indications everywhere are that 1925 will prove one of the best business years the country has ever experienced.

"Conditions throughout the east are improving rapidly," said Spicer today. "Money is plentiful and everyone is optimistic."

The local man stated that wherever he went, people asked him about California. Apparently everyone is planning to visit the golden state, he says.

"I always return home with a better appreciation of what a fine city Santa Ana really is," said the local dry goods merchant. "None of the cities I visited or traveled through can compare with the county seat of Orange county."

"There is no stopping the growth of Santa Ana. Everything points to a continuation of the prosperity of the community."

Visits Trade Centers
Spicer left here shortly before Christmas. As buyer for the store he visited the various trade centers of the country, Chicago, New York City, and others. On his return, Spicer stopped off at the La Esperanza ranch, near Jemez Springs, New Mexico.

The La Esperanza ranch is located near some 15 old Indian pueblos. The local man spent some time visiting the excavations which have been made and brought home a collection of Indian relics.

Included in the collection are bone needles, arrowheads, pinon nuts, bone spoons, bone pipes, stone axes, parched corn and a varied assortment of pottery.

"The people of New Mexico are very much interested in the old Indian pueblos and are always glad to show a stranger around," said Spicer. "Among the places of interest in the pueblos is a church, recently uncovered. The walls are still standing."

Sees Ancient Homes
"That the Indians were adepts at building homes is evidenced by the condition of the buildings which have been uncovered. The inside walls of many of the pueblos are smooth as glass and in fine condition, despite the years."

Spicer was told that the most of the excavating is being done by the Smithsonian institute and the American Research society. Lack of funds is apparently holding back the excavating operations, he was informed.

P. T. A. Has New State Publication

Declared to fill a long felt want and worthy of financial support from every member of the California P. T. A. is a new publication, "The Parent Teacher," the official publication of the California Congress of Mothers and Parent-Teacher associations, which was officially endorsed at the Fourth District executive board meeting held last Saturday in this city.

In urging support of the publication, Mrs. J. Edmund Snow, district president, said that it should be in the home of every member in order that the parents be given ample opportunity to familiarize themselves with the all important problems of public education.

JUDGE TALBOTT IS SELECTED FOR POST OF CITY RECORDER; FIFTEEN FILE APPLICATIONS

Judge J. F. Talbott, 710 Mabury street, former district judge of Iowa, who was named by the city council last night as City Recorder to fill the unexpired term of the late Col. W. F. Heathman.

Former Jurist In Iowa Will Fill Out Term of Late Justice

Judge J. F. Talbott, 710 Mabury street, today had qualified as city recorder, following his appointment last night by the city council to complete the unexpired term of the late Col. W. F. Heathman.

Talbott was chosen on the third ballot by the council. With the names of 15 applicants before the trustees, the first ballot disclosed that only four were in the running. In the first ballot, John G. Mitchell, former mayor and former president of the American National bank, received two votes; Talbott, 1; J. R. Fowler, former deputy sheriff, 1, and J. Fleetwood Bell, president of the American National bank, 1. On the second ballot, Talbott received 2, Mitchell 1, and Fowler 2. Talbott received 3 votes on the last ballot and Mitchell and Fowler 1 each.

Talbott's appointment was made unanimous, on motion of Councilman Frank Purinton.

The bench is not new to Judge Talbott. For eight years prior to his removal to Santa Ana from Brooklyn, Iowa, in January, 1919, he had served as district judge in Iowa, the district embracing the counties of Poweshiek, Mahaska, Keokuk, Washington and Jasper. He was elected to the judgeship in 1910 after serving six years as district attorney for Poweshiek county. He was a practicing attorney at Brooklyn for 20 years prior to his election to the bench.

His term as judge expired on December 31, 1918, and he immediately came to Santa Ana. Upon his first election to the bench, he turned his office practice over to his two sons, Frank R. and John

E. Talbott, and they today are continuing the law business in Brooklyn. A daughter of the judge is with her brothers, being chief clerk in the office of her brothers.

Another daughter is the wife of Dr. F. E. Simeral, a prominent physician of Brooklyn.

Declaring that when he came to Santa Ana it was with the intention of leading a retired life, "under his own vine and fig tree," Judge Talbott said today that he had become a candidate for appointment as city recorder at the earnest solicitation of friends.

Association Of Alumni at S. A. College Planned

Organization of an alumni association in the Santa Ana junior college will be considered at a meeting of graduates to be held at the home of E. M. Nealley on Friday evening, April 17, it was revealed today.

Plans are being advanced to include in the association all students who were graduated from the local college and also those who attended for one year and went to large universities.

If the plans advanced are agreed upon at the meeting, election of officers will be held, it was stated. Eight graduating classes have been sent out from the Santa Ana junior college since it was opened in 1915.

Miss Blanche Thompson, attending the junior college, is aiding in the plan for the alumni association. A social party is being arranged at Nealley's home located at Glen avenue and Tusculum street to follow the meeting.

Addresses Scheduled.
Friday afternoon there will be addresses by Past District Governor Paul Rieger; John Crossley, president of the student body of Chaffee Union high school. Up-

S. A. ROTARIANS HAVE PROGRAM FOR LUNCHEON AT CONVENTION

Local Club Will Take Full Charge of Meeting During Fresno Gathering

SESSIONS TO START WITH WORLD PAGEANT

Many Fine Features Are On Program For Second District Convention

The Santa Ana Rotary club will hold a Rotary luncheon during the conference of the second district of Rotary International, to be held in Fresno March 19, 20 and 21. The Santa Ana club will have full charge of the meeting, and the club president will arrange the program. The meeting place for the luncheon already has been arranged. Ten or twelve Rotarians from this city will attend the convention.

Luncheons will be in charge of several of the clubs in the district. There will be 12 luncheons each of the first two days of the conference, and a different club will direct each luncheon. In this way approximately 2,500 persons will have an opportunity to participate in the noon meetings of the conference.

Luncheons on Thursday, March 19, will be in charge of the Santa Barbara, Modesto, Palo Alto, Oakland, San Luis Obispo, Lodi, Los Angeles, Stockton, Berkeley, San Jose, Eureka and Pomona Rotary clubs, and on Friday, March 20, they will be in charge of the Ontario, Merced, Visalia, San Francisco, Salinas, Upland, San Mateo, San Diego, Santa Monica, Riverside, Hayward and San Rafael Rotary clubs.

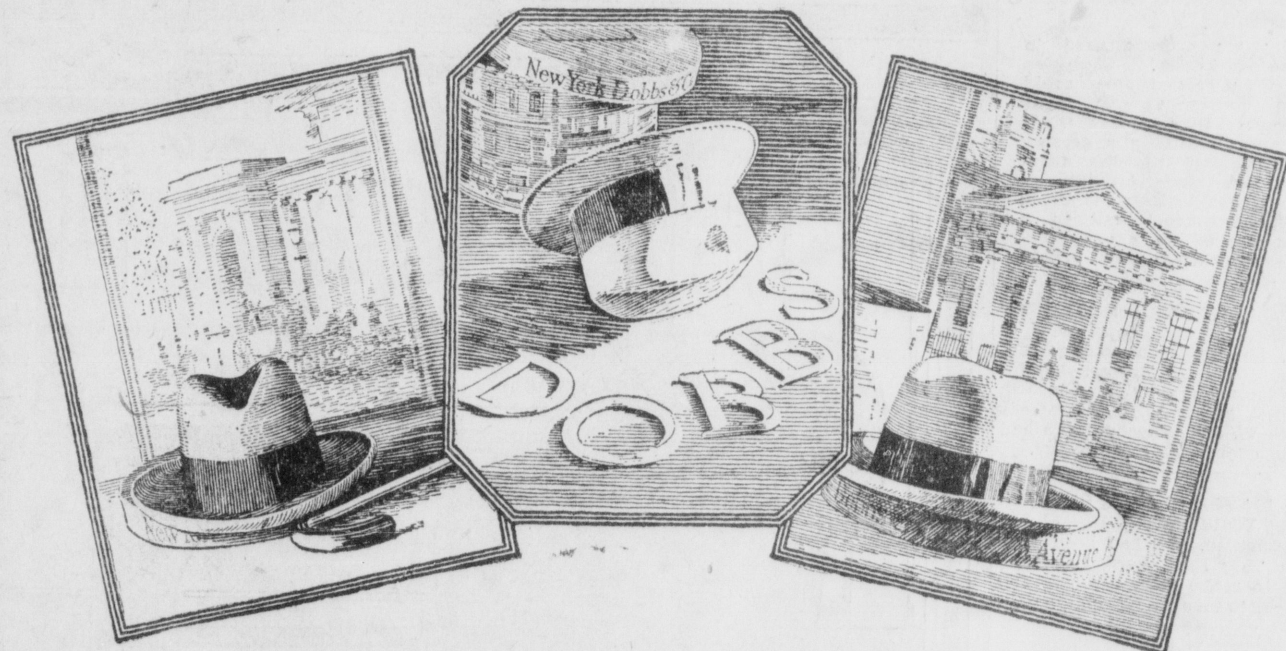

Rotary Pageant.
The program for the conference has just been announced by the conference committee, headed by Hugo Allard of Fresno. The sessions of the conference are to be held in the Fresno auditorium, and will open at 9:30 a. m., March 19. The opening number is to be a pageant, showing the trend of Rotary around the world. Dr. John F. McKenna, president of the Fresno club, will give the address of welcome, and W. M. Ferron, president of the Rotary club of Las Vegas, Nevada, will respond. At this first session District Governor Harry S. Mason will make his conference address.

In the afternoon Past District Governor D. R. Powell will speak on "Sentiment in Service." John R. Bentley of Cleveland, Ohio, director of Rotary International, will talk on "History of Rotary in Action," and Rev. E. Leslie Pidgeon of Winnipeg, Canada, past president of Rotary International, will address the conference on "The Expansion of the Rotary Ideal."

At the Friday morning session committees will report, nominations for district governor will be made, and just before adjournment, announcements regarding the balloting will be made. During this session, also there will be addresses by the following: G. Stanley McKenzie, of Honolulu; J. Harry Harbison, and Carl E. Rosenberg, Ralph P. Merritt, a member of agricultural, will discuss "Agricultural Cooperation and the International Viewpoint."

Addresses Scheduled.
Friday afternoon there will be addresses by Past District Governor Paul Rieger; John Crossley, president of the student body of Chaffee Union high school. Up-

NEW YORK, March 17.—Spring fever is not a disease. At its worst it can be considered only a delightful and beneficial affliction, according to Dr. Eugene Lyman Fisk, longevity specialist and medical director of the life extension institute.

BLOOD TEST INVENTOR DIES
LONDON, March 17.—Professor von Wasserman, inventor of the famous Wasserman blood test, died Monday after a short illness at Berlin, according to a Central News dispatch.

Stage and Screen

Doris Kenyon and Percy Marmont in a scene from "Idle Tongues", current attraction at the Yost theater.

TONIGHT'S ATTRACTIONS
WEST END—"Charley's Aunt," with Syd Chaplin.
YOST—Vaudeville and "Idle Tongues," with Percy Marmont.
WALKER—Vaudeville and "Butterfly," with Laura La Plante.

KATHLEEN NORRIS NOVEL NOW IN FILMS

There came a time in the life of Hilary Collier when she decided she owed it to herself to sit down and hold communion with her soul. For years, in fact, ever since the death of their mother Hilary had obscured her own desires behind those of her younger sister Butterfly.

For Butterfly's sake Hilary had toiled in a secretarial position, had worn out-of-date clothing, had given up the man she loved.

Now Butterfly was married to the man, and yet continued to demand the things Hilary desired. So, Hilary decided to hold communion with her soul.

The result sweeps "Butterfly," production now being shown in the Walker theater, from a skillfully constructed series of events through a series of dramatic events that terminate in a surprise.

It was made with an all-star cast featuring Laura La Plante, Ruth Clifford, Norman Kerry and Kenneth Harlan. The supporting cast includes Margaret Livingston, Cesare Gravina, Freeman Wood and T. Roy Barnes. Clarence L. Brown directed.

"Butterfly" is the screen version of Kathleen Norris' novel of the same name. The story was widely read and was pronounced by reviewers one of the strongest works from the pen of this famous California author.

"IDLE TONGUES" OPENS AT YOST TONIGHT

Some idea of the enormous work entailed in the production of a modern photoplay may be conceived from the number of built sets required for "Idle Tongues," vivid dramatization of Joseph C. Lindcoll's novel, "Dr. Nye," which is showing at the Yost theater to-night and tomorrow.

The picture was filmed in California and, since the scenes were laid in a typical Cape Cod village, it was necessary to virtually erect a Massachusetts town on the Pacific Coast. Included in the structures were a town hall, a courtroom, a residential street showing a dozen homes and other buildings.

Aside from the rearing of Perry Marmont, Doris Kenyon and other leading players, hundreds of extras had to be drilled for the riot scenes and other thrilling action of the film.

GEORGE JEAN NATHAN CALLS CHAPLIN BEST COMEDIAN.
"The finest comedian on the screen."

That's what George Jean Nathan wrote about Sidney Chaplin. And coming from the caustic pen of that eminent dramatic critic who is not given to effusive superlatives, this praise is indeed significant.

It is said that Sidney Chaplin reaches the high point in his career in the great screen version of the celebrated farce, "Charley's Aunt," which the West End theater is exhibiting.

Like his famous brother Charles, Sidney is a horn actor. His father was the leading comedian and his mother the prima donna of a British theatrical troupe. He was born in Johannesburg, South Africa, while his parents were on tour. Thus his heritage as well as environment, Syd Chaplin came rightly to the theaters.

As children, he and his brother Charlie were both trained in mimicry and pantomime, and they played various roles in different London productions. A short adventurous career at sea while still in his early teens gave Syd a good chance to study the world and various national types all over the globe. Returned home, he decided to become an actor and soon made his way to a stellar position with the Fred Karno pantomime organization, being featured in all the music halls throughout the British Isles.

After his brother, Charlie, had come to the United States with another Karno company and had entered the film field, Sydney came over to join him, and for some time was a successful member of the Keystone corps, and later a director.

DISMISS "BLUE SKY" APPEAL
WASHINGTON, March 17.—The supreme court today dismissed an appeal from the conviction of E. E. McCalla Company, Los Angeles, Cal., for violation of the California "Blue Sky Law." The company was charged with having sold stock in its property without having a permit from the state as required by law.

SEY KURD REBELS RETREAT
CONSTANTINOPLE, March 17.—Following a fierce clash with Turkish troops, Shiek Said's Kurdish rebels are reported in retreat north of Diarbekir, Tchermik, held by the Kurds, has fallen to the Turks.

FIVE ACTS OF VAUDEVILLE AT YOST TONIGHT

Five acts of Junior vaudeville are booked for the Yost theater to-night and tomorrow. A resume of the acts follows:

"There are more ways than one of killing a cat," so the old proverb says. "The Bear Cat," from the magic pen of Willard Mack and presented by Fred C. Hagen and company, exemplifies this bit of philosophy.

"The African Duke," a riotously funny blackface vehicle, will introduce Farrell Taylor company. In the person of Taylor, local audiences will find a burnt cork funster, who has reached the zenith of fame.

Ruth Gordon and Budd Carrell, the Wyoming Duo, offer a novelty divertissement, "Varieties of the West." Before a special curtain depicting a Western sunset they spin ropes, crack whips, sing and dance.

The Bimbos will consist of a compact little man and a young woman with a knowledge of acrobatics who bill themselves as "Comedy Acrobatic Entertainers." They are to present an offering consisting of bumps and falls from tables and barrels that is not only funny but amazingly daring and sensational.

A pleasing couple, Ray and Edna Tracy, will present "Piano Eccentricities." These two, however, include some original dance steps, which invariably create a sensation.

Trace Origin of Kiss Crosses In Lover's Letters

Why are crosses used to represent kisses? Centuries ago very few people could write, so in signing legal documents they simply made their mark, usually a cross.

After doing this the document was made binding by both parties kissing the cross they had made. And so a cross marked on a paper became associated with kisses.

WILL MANAGE HOTEL
ORANGE, March 17.—G. C. Smith, has assumed management of the Hotel Rochester. Smith has had considerable experience in the hotel business. He succeeds the late W. J. Wetherbee, who had been in charge for many years.

SANTA ANA BAND TO GET MORE MEN

(Continued from Page 7)

The five professional musicians who soon will be identified with the band are nationally known men," said Cianfoni. "They are the cream of American musicians. They formerly were soloists with Creators, Sousa and Sorrentino.

Ambitious Plans
"It is the ambition of the members, as well as myself, to make the Santa Ana municipal band one of the best organizations in the United States. The name will be changed to the Santa Ana Symphony band. We are developing a well balanced and finished organization and with the talent we have there is no reason why we should not maintain in Santa Ana a band that will compare more than favorably with organizations of its type in cities many times larger than Santa Ana.

"We, indeed, are very grateful to the business men and firms of Santa Ana who have made it possible by employment to add to the personnel of the band musicians of the type we are adding at this time."

"Our concerts this summer will be better than the series of last summer and will be more greatly appreciated by Santa Ana and Orange county patrons."

Appreciate Conductor
It was pointed out here today by friends of Cianfoni that this community is deeply indebted to the conductor for the manner in which he has developed two important musical organizations, the band and the Santa Ana Symphony orchestra. It was declared that

EXPECT BIG CROWD AT CHAMBER DANCE

Four hundred persons are expected to attend the dance which the Junior Chamber of Commerce will hold at St. Ann's Inn next Monday evening, by Jesse Elliott, chairman of the committee appointed to make the necessary arrangements, stated at the directors' session held yesterday afternoon.

The following committees are assisting Elliott: Music, E. M. "Sunny" Sundquist; entertainment, Carl Mock and Ernest Wiegler; refreshments, Flake Smith and W. Floyd Croddy; door, William Iverson and Stanley Goode; reception, Lin Crawford, Charles Kendall, Ed Holmes, Stanley Clem, Jack Wallace, George Scovel, B. E. Switzer, Fred Forgy.

Publication of a paper devoted to the doings of the chamber and the members is planned, Secretary B. E. Switzer announced. The first issue is expected to roll off the presses within two weeks.

Through the organizations and the personal accomplishments of Cianfoni the city has received a great deal of invaluable publicity.

With cooperation of the Santa Ana Chamber of Commerce and other organizations, the Lions club is endeavoring to make arrangements by which the band will be taken to San Diego at the time of the annual district convention of Lions in May and to the annual convention of Lions International at Cedar Point, Ohio, in June. Arrangements have virtually been completed for the band's appearance at San Diego.

MANY FRIENDS BEREAVED AS GIRL PASSES

Hearts of many warm friends were saddened today as the last sad rites were read for Miss Helen Melrose, whose death Saturday afternoon came as a sad blow to those who loved her, even though it brought release to a beautiful spirit who had undergone many months of suffering.

Miss Melrose was the daughter of Mr. and Mrs. H. R. Melrose of 1904 Bush street, and she had been a resident of Santa Ana for the past three years. With her parents she came here from the family home in Detroit, Mich., hoping that the mild climate of the southland would bring relief from the arthritis from which she was suffering as an aftermath of influenza.

Previous to coming to this city, Mr. and Mrs. Melrose and their daughter had spent the winters in California, following the daughter's completion of special work along artistic lines at various schools and universities.

Won Art Honors
Of an unusually brilliant mentality, Miss Melrose graduated with such honors from the Minneapolis high school that she won a scholarship in the Minneapolis Art Institute. Her work there was followed by a course at the Oak Hall School for Girls in St. Paul, whence she went to Haverford College, in Winnipeg, and finally took post-graduate work at the University of Minnesota, where her arts and crafts course was rounded out.

Combined with her talent and education, was a personality of such charm that she won friends wherever she went, and the courage with which she bore the burden of failing health and unceasing suffering was a marvel to all who knew her. Six months ago, she was compelled to forsake even her wheeled chair, and since that time has been confined to her bed, but her sunny spirit rose above such afflictions and drew friends even closer.

The end came Saturday evening when she was entering upon her twenty-seventh year. She was born February 23, 1898 in Orange City, Iowa.

Services This Morning
Christian Science services were held for her this morning at 10 o'clock at Smith and Tutill chapel, with burial following in Fairhaven cemetery.

Her parents, Mr. and Mrs. Melrose and one sister, Mrs. Elizabeth Melrose Sherman of Denver, are the surviving relatives. Mrs. Sherman is the mother of a tiny baby born just four weeks ago, and was unable to be at the funeral. With her husband, Val Sherman, prominent in newspaper circles of Denver, and their baby, she will arrive in May for an extended visit with her parents.

Tom Gibbons To Fight Wills On May 29 Is Plan

NEW YORK, March 17.—If Jack Dempsey really doesn't intend to fight anyone until fall, then Harry Wills will agree to a match with Tommy Gibbons as the star bout of the milk fund show at the Yankee stadium May 29. Paddy Mullins, manager of Wills told Tex Rickard this afternoon that he would let him know finally tomorrow whether Wills will take the Gibbons match.

Rickard says he can assure Wills \$150,000 for the Gibbons fight and against this offer Mullins is weighing the money demands of Jack Dempsey which might not leave Wills more than \$50,000 for a championship fight.

S. A. ROTARIANS TO RENDER PROGRAM

(Continued from Page 7)

land; and Norbert Farrell of that school; Robert Sproul, the Rev. Walter Thornton of Fullerton, and Brewster Adams, Ray Jones will speak on "The International Convention at Cleveland." Following the addresses the election committee will make its report and the new district governor will be introduced.

The closing sessions of the conference, Saturday morning, will hear an address by Horace Dunbar, of Los Angeles; one by Harry F. Rogers, of San Antonio, Texas, governor of the thirteenth district of Rotary International, on "My Obligation as a Rotarian," and addresses by Richard E. Smith and Herbert E. Harris. The closing address will be made by Rev. E. Leslie Pidgeon, on "The Struggle for Personal Freedom."

Among the entertainment features on the program are musical numbers to be given Thursday afternoon by a trio from the San Francisco Rotary club, and numbers by the Los Angeles Glee club, led by Harold Proctor, to be presented Friday afternoon.

The governor's ball, the event of the conference, will be held Friday night.

Church Services To Be In Charge of "Y" Members

Deputation teams of the Santa Ana Junior college "Y" club completed plans at the banquet meeting held last night to take charge of evening services in churches of Santa Ana and adjacent Orange county towns.

According to plans the two teams are to appear in churches next Sunday. Engagements have been fixed for three weeks in advance.

The team headed by Horace Perkins, club president, is to appear at the Tustin Presbyterian church at next Sunday evening. Talks by the students together with musical numbers complete the program of the teams. Members of the team with Perkins as chairman are Raymond Vanduff, Robert O'Brien, and Carl Warner.

In the second team, Morton Stephenson, head of the religious work committee, is the chairman. His group is to go to the First Methodist church in Garden Grove next Sunday. The team is composed of Stephenson, chairman; Stewart Carrier, William Adamson, and Newton Pierce.

On the following Sunday both teams appear at the Methodist Episcopal Church South on the invitation of Rev. Moffatt Rhodes. The Sunday evening of April 5 the deputation team headed by Stephenson is to have charge of services at the Richland avenue church, the Rev. H. C. Burgess, pastor.

WHITE SHRINE TO INSTALL OFFICERS

The installation of officers of the Damascus Shrine No. 13, Order of the White Shrine of Jerusalem, will take place at the Masonic hall Saturday evening, March 21, it was announced today by the lodge officers.

The ceremony will be preceded by a banquet at St. Ann's Inn, for which special arrangements have been made by the hotel management. A special program has been arranged for the dinner event, and it is expected that not only all of the past and present officers, but the entire membership of the shrine will turn out for this event. In order to take care of all who desire to attend the banquet, reservations must be made by Thursday evening, and should be placed with Miss B. Pearl Nicholson, telephone 1226.

WOMAN RECALLS 1845 INAUGURATION

(Continued From Page 7.)

father came to the farm and when he was getting into his buggy to drive home he told father he was in a hurry to get home as he thought his Cleveland Herald would be there with President Polk's inaugural address in it.

Asks Dad About It.
"After he drove away I asked father what an inaugural address was. He explained it to me so that, as a child, I could understand."

At that time our mail was carried by stage coach, so it took several days for it to come from Washington.

"I thought of all this the other day as I sat in the high school auditorium listening to President Coolidge giving his inaugural address over the radio."

"I realized as never before how rapidly the great mechanical invention of the telephone had changed."

TEN TEAMS TO COMPETE FOR CHAMPIONSHIP

Bill Cole Named President of Circuit; Games Will Be Played at Poly Field

Play in the Santa Ana City Indoor Baseball league, in which 10 strong aggregations are enrolled, will begin Monday night, March 30. The schedule calls for "twice-around" play with games every Monday, Tuesday, Wednesday, Thursday and Friday nights.

These facts were made public here today following a meeting of the Edison company clubrooms last night of team representatives.

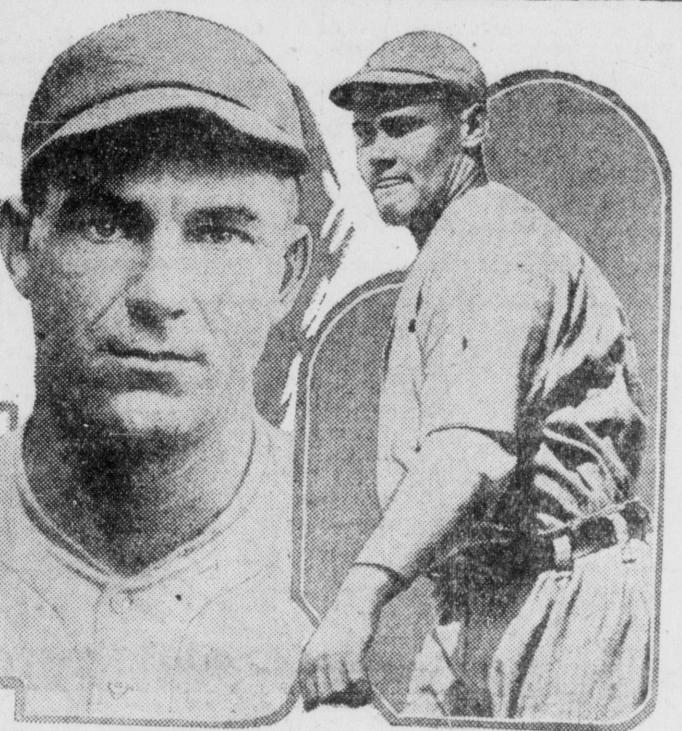

The following organizations will compete with the indoor baseball championship of the city: Excelsior Creamery company, Southern Counties Gas company, Excelsior Creamery, Robertson Electric company, Kiwanis club, McFadden Hardware company, Santa Ana Commercial company, Register Publishing company, Chandler Furniture company and the Roehm-Sylvester company.

Ralph ("Bill") Cole, well known football star, was elected president of the league. F. C. Blauer was named vice-president and Elwayne ("Eeny") Wilcox, secretary.

Captains of the respective teams and officers of the circuit will meet next Monday night at 7:30 o'clock at the Santa Ana Y. M. C. A. for the purpose of filing eligibility lists, making out a schedule of play and deciding on rules and regulations that will govern the games.

Starting time for the contests was fixed at 7 p. m. All matches will be played at the Santa Ana high school athletic grounds, the use of which has been granted by the local board of education. Each team is to put up \$15 to cover the expenses of balls, bats and lighting the field during the season.

TY COBB HAS PENNANT HOPES; WILL START SEASON IN FIELD

"RIP" COLLINS, LEFT, AND "DUTCH" LEONARD
Manager Cobb is banking strongly on two veteran pitchers to have big seasons, Southpaw "Dutch" Leonard and "Rip" Collins, his big right hander, who has shown flashes of great stuff. Leonard reported late last season after his reinstatement and pitched good ball. He showed he still had the great curve ball that won him fame and most of his speed.

Stanford-U. S. C. Grid Match Set for October 17

LOS ANGELES, March 17.—Football schedules for next fall were affected today by the shifting of the Southern Branch-Stanford date from Sept. 22 to November 14.

The change makes it possible for Stanford and University of Southern California to arrange a game here on Oct. 17, if the Trojans can follow the lead of the other institutions and shift their Occidental contest away from that date.

feel like doing another mile. You should run miles and miles in that easy fashion until you feel that you could increase your pace, but don't get the idea too soon that you are ready to go out after speed.

"My advice to American boys would be—work slowly. Don't burn yourself out trying for speed. Build up slowly and you will be building well, and above all, if you want to become a runner, you will have to run and run. No painter ever became a master by using his brushes an hour a day."

By BILLY EVANS

AUGUST, March 17.—How many games will Ty Cobb play this year, his twenty-first season in the majors?

Throughout the winter it has been frequently reported that he would play just 100 games.

"Do you intend to play only 100 games of ball?" I asked him. "I have set no definite number, but I doubt if I play more than 100 games. It probably will be less."

In watching the team go through its sprouts, I noticed that Cobb worked sparingly. I was positive there must be a reason. His reply to my query as to the number of games he would play answered it.

"I feel great, but find that I must condition myself slowly. My legs, arms and body do not buck on the work, but in the evening I suffer."

Takes Things Easy.
"I am taking it slowly, but rest assured I will be in good shape when the season opens. I intend to start in the regular lineup."

"How long I remain there as a regular depends entirely on my physical condition and the caliber of my play."

"I have always gone well in the spring and early summer. I hope to be as good as ever until about July 1. That's when I begin to go stale."

"However, if I am stepping along well at that time, of value to the club, I will keep on going until such a time as I feel the old legs have reached a stopping point."

Has Pennant Hopes.
While Cobb doesn't openly predict a pennant for his club, it is plain to be seen that he has high hopes.

Cobb has every reason for entertaining such a feeling. His club of this year has considerable more poise and balance than his team of 1924. Bluntly, it is a much better ball club.

In reserve strength alone the efficiency of the club has been greatly increased. Cobb is well fortified at every position with a capable substitute.

Last year's team was sadly lacking in that department of play. When Lu Blue, star first sacker of the team, was hurt, it was necessary to shift the Veteran Derrill Pratt to that position. He did well enough but was far from being a Blue.

Here is the way Manager Cobb sizes up his ball team: "We have a great chance to be up there this year. The power is there if it is delivered."

POLY TO MEET WILLS AGREES PASADENA ON TRACK THURS. MATCH MAY 29

Adkinson Also to Enter 8 Colored Fighter's Manager Despairs of Arranging Contest With Dempsey

COAST LEAGUE STANDING
W. L. Pct.
San Diego 3 0 1000
Long Beach 3 0 1000
Pasadena 2 1 .667
Santa Ana 1 2 .333
Whittier 0 3 .000
Fullerton 0 3 .000

MEETS THIS WEEK
Pasadena at Santa Ana.
Whittier at Fullerton.
San Diego at Long Beach.

Strong competition for Coach Ray Adkinson's Santa Ana high school tracksters is sure to result this week when the local oppose, in a Coast Preparatory league meet, Pasadena here Thursday afternoon and then take part in the annual Tri-County classic at Huntington Beach on Saturday.

Pasadena will bring a well balanced squad to the Poly oval being especially strong in the sprints and hurdles. Relative strength of the two squads is about the same, according to comparison of marks and figures made in competition.

The Coast League title rests between San Diego and Long Beach and these two aggregations clash at Long Beach Saturday in the meet that will virtually decide the year's championship. Santa Ana has met both these teams and the local athletes are unanimous in the opinion that San Diego is from 15 to 20 points stronger.

The Southerners flashed one of the best track teams ever seen here last Saturday when they overwhelmed Poly.

Eight local athletes will be sent to Huntington Beach to participate in the Tri-County classic in which more than 200 tracksters from high schools in Orange, Riverside and San Bernardino counties are entered. Adkinson has enrolled Howard Paul, Harvey Bear, Lou McKean, Charlie Cathcart, Alan McDermott, Bill Young, Ray Lawson and Keith Howard in this meet.

The Santa Ana junior college track squad went to Ontario this afternoon for a meet with Chaffey junior college. This was scheduled to take the place of the Fullerton meet which the Orange county institution forfeited. Santa Ana also has a meet on the books for Friday, being slated to hook up with the Caltech freshmen that day.

Griffin, Vernon Regular, Injured

LOS ANGELES, March 17.—Wes Griffin, second baseman for the Vernon Coast league club, wrench his ankle in chasing a fly ball yesterday and may be out of the game for several weeks.

BRIEFS from the TRAINING CAMPS

NEW ORLEANS, La.—In honor of St. Patrick's day, Manager Lee Fohl planned to put the Red Sox through light practice early today and then let down the bars for a general exodus to the races in the afternoon.

ST. PETERSBURG.—Playing errorless ball behind the mid-season pitching of Marquard, Graham and Genewich, the Boston Braves registered a decisive 6 to 1 win over the New York Yankees with Ruth in the lineup.

ST. PETERSBURG, Fla.—Miller Huggins, manager of the New York Yankees, broke out with a prediction today that his club would win the American league pennant. He believes his pitching staff will win 103 games.

BRADENTOWN, Fla.—Bill Doak one of the leading pitchers last year for the Brooklyn Dodgers, is through with baseball and will devote his future to the real estate business, he told representatives of the Brooklyn club.

SARASOTA, Fla.—John McGraw, manager of the New York Giants, tried to arrange a game today between the Irish and the Non-Irish

CAMERA MAN SNAPS HAGEN IN TUTOR ROLE TO GIRL CHAMP

WALTER HAGEN AND GLENN COLLETT
Here's Walter Hagen, British open golf king and unofficial world title-holder, in the role of instructor. His pupil is none other than Miss Glenna Collett, former national women's champion. Miss Collett has planned a trip to England this summer in quest of the British title and is here shown getting some of the finer points of the game from Sir Walter, who is well able to hold the job of tutor. Photo was taken on the links in Florida.

BOWLING

DALES WIN 3-2 SERIES FROM REGISTER TRIO

With all of their games over the 500 mark except the second one, the Dale Hardware company defeated The Register's three-man aggregation in an industrial league series at the A. and B. alleys last night. Don Keir had premier series with 755 sticks. Snee's 204 game was high. The scores:

	1st	2nd	3rd	4th Tot.
Snee	184	178	170	532

FRED WINDLER HOPS INTO S. A. 'BIG TEN'

Fred Windler jumped up into Santa Ana's "Big Ten in Bowling" when he murdered the maples for a 279 count at the Broadway academy last night. This exceptional high count not only put Windler well to the front in the city's high games but tied the Broadway alleys record held by Harry Gaspar. Windler started with a strike, picked up a spare in the second frame and then struck the rest of the way through the last frame, getting nine pins on his last ball.

PACKERS HOLD BANKERS TO 2 TO 2 DEADLOCK

Making good use of their handicap, Swift and Company's bowlers held the powerful Orange County Trust and Savings bank quintette to a 2 to 2 in a Broadway Winter league series on the Broadway pathways last night. Richardson's 195 game was high as was his 528 series. The scores:

J. C. NINE TO CONTEST WITH STRONG TEAM

Games with strong college terms of Southern California have been booked for the Santa Ana junior college baseball team, the new schedule announced today by Harold Chaffee, baseball manager.

Because many of the junior colleges have not entered terms this season, engagements have been scheduled with a number of outside aggregations including Occidental, Whittier, Loyola, and the Southern Branch of the University of California.

The schedule follows:
March 18—Santa Ana at Southern Branch, University of California (fresh); March 21—Occidental fresh at Santa Ana; March 28—Santa Ana at Loyola; April 4—Loyola at Santa Ana; April 11—Riverside, junior college at Santa Ana; April 17—Santa Ana at Occidental (fresh); April 25—Santa Ana at San Diego junior college; May 2—Southern Branch, University of California, fresh at Santa Ana; May 9—Santa Ana at Pomona junior college; May 16—Santa Ana at Pasadena junior college.

TONY FUENTE MEETS HUFFMAN AT VERNON

LOS ANGELES, March 17.—Several interesting problems that have puzzled boxing fans of this section recently ought to be answered tonight at the Vernon stadium when Tony Fuente, alias Kid Shine, alias the Boy General, steps out to do battle with Eddie Huffman, highly touted fleet heavyweight, over the 10-round distance.

Fuente knocked over a row of set-ups here last year, finally breezing through to a win over Floyd Johnson, the Iowa mauler. He spoiled what reputation he won then by engaging in a fixed match with Fred Fulton.

Huffman is good when he's good, but is an ins-and-outer. He has victories over Bob Roper and Jimmy Delaney, but has lost boxes of much less class than these get away from him.

Lew Rollinger meets Ernie Owens in the eight-round semi-windup while Kid Mexico takes on Jack Kestell in the special preliminary of four rounds.

Nurmi Faces Fast Runners Tonight

NEW YORK, March 17.—Paavo Nurmi, world's greatest runner, will open the throttle for high speed in two races tonight at the Knights of Columbus games. The fields against the Finnish star include the best runners in the United States and it will be the first time that Nurmi has had real competition since he made his debut in this country.

OUR— NEIGHBORS

RIVERSIDE.—Weather permitting, Riverside will have its greatest Easter sunrise services on Mount Rubidoux April 12. Only a few details in connection with the famous annual program have yet to be prepared by the special committees. With its plans arranged definitely, the music committee has included in the 1925 program features which will add considerably to the effectiveness of Riverside's community affair. Everything has been designed with the expectation that greater crowds than ever before will gather around the Serra cross to worship Easter.

PASADENA.—Colorado street, Pasadena's principal east-west artery, is to be widened. This age-old announcement has been made again, but this time action is to be taken and the widening will actually take place, it is said. Because of the great expense of slashing off the fronts of high business buildings the proposal to widen this thoroughfare has been delayed several times, but now, it is said, the property owners as well as the city administration are agreed on a plan of action. Colorado street varies in width from 56 feet to 85 feet from Broadway to Orange Grove avenue. It is planned to widen the entire stretch to 95 feet.

EL CENTRO.—Efforts on the part of the government to close the El Centro land office as an economy measure in connection with the closing of other offices in the west have met with an array of figures tending to show that this office is one of the most profitable ones in the department.

ONTARIO.—Growers of peaches and apricots in the Ontario district are anticipating a successful year. Both peaches and apricots are setting well and indications are that the mysterious ailment which cut down the crop last year will not be experienced this year. A large crop is on trees in orchards around Ontario. The co-operative cannery, the largest in California, is preparing for a capacity run.

INGLEWOOD.—Just why he had advised the Inglewood city planning commissioners to forbid skycrapers in this city was explained by G. Gordon Whitnall, Los Angeles city planner, at a meeting of chamber of commerce directors, city officials and business property owners. Skyscrapers, he declared, tended to suck up tenants from other buildings, as the corner of a blotter mops up a blot of ink, leaving the latter structures empty of occupants. The buildings and the whole neighborhood then deteriorate. Other skyscrapers are built, the mopping-up process is repeated. The result is that the business district, in effect, is on roller skates and keeps on moving.

RIVERSIDE.—Riverside, with its public-owned electric light plant paying profits which can be spent in maintaining street lighting without extracting revenue from the taxpayers, holds a policy in this respect unlike that of any other Southern California city, according to Superintendent Elmer Cutting of the local department. "So far as I know, there is not a city in this part of the state which does not maintain its street lighting from revenue obtained through taxes," said Cutting. "Because this city owns its own distributing system, it has been able to adopt and hold to another policy of late and there is little possibility of reverting to the old plan of charging the people for lighting their streets."

3 Most Powerful Men Are Listed By Ex-Navy Chief

CLEVELAND, Ohio, March 17.—"The three powerful men in Washington today are Andrew Mellon, Herbert Hoover and Senator Butler of Massachusetts," Josephus Daniels, former secretary of the navy declared in an address before the City club here.

"If you want to get something done at Washington do not go to the senate nor the navy or other departments, but to the American Chamber of Commerce and then the business organizations through the big three will get you what you want," he said. "Business holds the sceptre of power," he affirmed.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

Used By Millions Of Mothers

For Croup and Colds

Over 98 million jars of Vicks have been used in the past five years. This means the unbroken confidence of a vast army of mothers. They like Vicks because it solves a great problem—how to treat croup and colds without that continual dosing which is so harmful to delicate little stomachs.

Being applied externally Vicks does not disturb the digestion. It can be freely used without the slightest harmful effect.

Vicks brings prompt relief from croup and often checks even the worst cold over night.

There is nothing to swallow. You just rub it on.

VICKS
VAPORUB
OVER 17 MILLION JARS USED YEARLY

WANT GUARDS ON MEXICAN BORDER

The United civil service commission announces that it will receive applications until April 11 for positions of immigration patrol inspectors along the Mexican border according to advices received in Santa Ana.

The examination will be held only in specified cities in Arizona, California, New Mexico and Texas. Appointees will be required to perform guard duty along the international boundary line for the purpose of detecting and preventing the illegal entry of aliens into the United States.

Applicants must have had at least two years' experience as a law enforcement officer or at least six months' experience in a combatant branch of the army, navy or marine corps, or at least six months' experience in a state, territorial, or foreign police organization comparable in rank to such forces as the Texas rangers, Pennsylvania state constabulary, New York state constabulary, Royal Northwest Mounted Police, etc.; or at least three years' experience in ranch work along the Mexican border, such as cowboy, range rider, etc.

Full information and application blanks may be obtained from the United States civil service commission, Washington, D. C., or from the secretary of the board of civil-service examiners at the post office here.

Capital Letter

By HARRY B. HUNT
WASHINGTON, March 16.—Many members of Congress, first and last, have been accused of patronizing bootleggers, but Tom Blanton of Abilene, Tex., is the only member on record as having been held up by officers of the law on suspicion of being one.

It happened while Blanton was on a recent auto trip into Pennsylvania. As he was coming down one of the long, precipitous inclines in the Cumberland mountains a couple of men in uniform stepped out into the road and signaled him to stop.

"At first I thought they were chauffeurs," said Blanton, in telling of his experience. "Anyhow, they looked like chauffeurs' uniforms. But when they said 'stop' I stopped, as well as my brakes would enable me to do on the steep hillside.

"As the men moved toward the car the brakes began to slip and the car started ahead.

"Stop that car or I'll blow your tires out with this gun," one of the men said, dragging a .45 out of its holster. I stopped.

"I said 'All right, help yourselves. I'm with you on that proposition. I'm a prohibitionist, too.' 'Humph!' grunted one of the men. 'We're not prohibitionists. We're just enforcing the law.'"

Members of the Senate seem to offer particularly attractive marks to reckless prohibition agents and automobile drivers.

Recently Senator Frank Greene of Vermont was shot and seriously wounded by a "dry" officer in pursuit of a bootlegger. Now Senator A. Owsley Stanley of Kentucky, as he leaves the Willard Hotel at midnight, homeward bound, is knocked sprawling into Pennsylvania avenue by a speeding motorist.

The irony of Stanley's accident, which sent him to a hospital for repairs, is that it followed within two days after he had fought on the Senate floor against drastic penalties for motorists who run down pedestrians in the District of Columbia.

Wayne B. Wheeler, Anti-Saloon League leader, is developing a talent for epigrams. Here is his latest effort:

"The scaffold would dissolve the pearl of constitutional government in a glass of moonshine."

General John L. Hines, army chief of staff, would trade his silver stars for youth. That's what Hines meant the other day when he said he'd rather be a lieutenant than a general.

Lieutenants are young.

Legal Notice

ORDINANCE NO. 243

AN ORDINANCE OF THE COUNTY OF ORANGE, CALIFORNIA, REGULATING THE TRANSPORTATION, HANDLING AND FEEDING OF GARBAGE TO HOGS.

SECTION 1. Any person, firm or corporation feeding garbage to hogs from other than the household or ranch to which said hogs are maintained must first make application to the Health Department, agreeing to rules and regulations embodying the hereinafter stated principles and must receive a permit which is revocable except a permitted collector or to a designated, immediately adjacent, place for collection by said collector.

SECTION 2. Garbage offered for collection must not contain tin cans, glass, razor blades or other non-combustible refuse or dead animals, and the permitted collector shall have the right to refuse to collect any such refuse. The responsible person offering such refuse for collection must dispose of it in a sanitary manner acceptable to the health or sanitary officials of the County of Orange.

Legal Notice

SECTION 4. In case of any emergency, such as the appearance of an epidemic of communicable disease of men or animals, garbage may be required to be heated throughout all its parts to a minimum of 170 degrees for a minimum of thirty (30) minutes. Such heating must be applied before transporting over any public highway or railroad, except that garbage in the act of being collected from places of production may be transported to a designated place for such heating in bulk, before its transportation in bulk to a feeding place.

SECTION 5. All places where hogs are fed upon garbage must be maintained in a sanitary condition in accordance with the hereinafter stated principles, rules and regulations which may be promulgated by the Board of Supervisors of Orange County. Authorized inspectors must have right of entry and inspection at any time.

SECTION 6. All feeding floors must be of concrete with curb at least six inches high in each edge, also as possible rat proof, and so constructed as to permit controlled drainage; such drainage must be to the outside of pens and not accessible to hogs and must be disposed of in manner not to create a nuisance, and in accordance with the rules and regulations of the County of Orange. The surface of all feeding floors must be maintained smooth enough to permit efficient cleaning. All feeding floors must have all garbage and manure removed therefrom at least once daily, after which they must be flushed with water under pressure and drained or scrubbed with broom and water, except that feeding floors, in open lots where brood sows or young sows, only, are kept, will be considered as cleaned when they are entirely dry after sweeping.

SECTION 7. No storage vats for garbage will be permitted to be maintained unless the entire vat is above the ground level, water-tight and equipped with drainage. All such vats must have all garbage removed and be washed at least once daily.

No garbage shall be left in any pen or in the vicinity of any pen longer than from the day it is received or fed until the next day. No refuse garbage shall be left in any pen or in the vicinity of any pen longer than from the day it is produced until the next day.

SECTION 8. Refuse garbage and manure must be handled in a manner to prevent the establishment of a nuisance; the location in such community to be considered and the decision to be given by the Health Department of the County of Orange. Garbage, refuse, garbage or manure, if spread upon the ground may be fired, and must be promptly plowed under or covered with equal successive layers of soil. Accumulations of piles of garbage, refuse or manure will not be permitted, except in the formation of compost or fertilizer, and in such cases the drainage from such piles must be controlled in a sanitary manner. Deep burial with the top surface of all such refuse covered daily with soil will be permitted.

SECTION 9. All water troughs must be constructed in such a manner and so covered as to permit hogs to drink, but to prevent, as far as possible, the entry of other than

Legal Notice

their heads into such troughs. All water troughs must be kept clean and provided with clean water. All water troughs must be connected with efficient drainage and must not be permitted to overflow. The surface for a radius of at least six feet from all water troughs where accessible to hogs must be of concrete or other mure-roof material.

SECTION 10. No wallows or mires will be permitted in any pen or lot where hogs are kept.

All buildings or sheds where hogs are allowed to enter to sleep or for shade must be maintained in a clean and sanitary condition so as not to create a nuisance. Clean bedding will be permitted.

SECTION 11. Dead animals and animal refuse must not be fed to hogs unless sterilized by heat.

Butcher shop scraps and refuse from meat or fish markets or factories, if not handled as garbage, must be collected and transported in watertight, closely covered containers, direct to the place of their conversion into non-edible grease and fertilizer or similar products.

This Ordinance shall take effect thirty days from and after its adoption, and prior to fifteen days from the adoption thereof shall be published for at least one week in The Santa Ana Daily Evening Register, a newspaper of general circulation, published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for or against the same.

AYES: Supervisors T. B. Talbert, Wm. Schumacher, Leon O. Whitsett, and George Jeffrey.

NOES: Supervisors None.

ABSENT: Supervisors S. H. Finley, T. B. TALBERT.

Chairman of the Board of Supervisors of the County of Orange, State of California.

Attest:
J. M. BACKS, (Seal)
County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Orange, State of California.

STATE OF CALIFORNIA)
COUNTY OF ORANGE, ss.
I, J. M. BACKS, County Clerk of the County of Orange, and ex-Officio Clerk of the Board of Supervisors of the County of Orange, State of California, hereby certify that at a regular meeting of the Board of Supervisors of said Orange County, held on the 10th day of March, 1925, at which meeting were present Supervisors T. B. Talbert, Wm. Schumacher, Leon O. Whitsett, and George Jeffrey, the foregoing Ordinance consisting of twelve consecutive sections was considered section by section and each section separately considered and the said Ordinance was passed and adopted section by section and then as a whole, by the following vote, to-wit:

AYES: Supervisors T. B. Talbert, Wm. Schumacher, Leon O. Whitsett, and George Jeffrey.

NOES: Supervisors None.

ABSENT: Supervisor S. H. Finley.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Board of Supervisors of said Orange County, this 10th day of March, 1925.

(SEAL)
J. M. BACKS,
County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Orange, State of California.

A roof to stand the "endurance test"

THE wise man builds for permanence. That is both wisdom and economy. The roof in particular must be strong and sound, for it is the first to feel the buffeting of wind and rain.

A good roof must also offer protection against fire. Pioneer Yosemite Asphalt Shingles laid over the old wood shingles are approved by the National Board of Fire Underwriters. They are guaranteed to stand the endurance test of coming years. Your choice of red, green, blue-black or golden brown.

Romance and The Red Cars

A Story of Service

Romance has ever attached to transportation—and California, to romance. The ox-cart, the railroad, the motor-vehicle—and all the steps of transportation in between—have contributed to our traditions and our development. And now Southern California is writing its own particular chapter in this fascinating history.

THE Pacific Electric Railway is as much the creation of Southern California as her own highways. Both have grown to meet a natural demand.

First was the problem of providing transportation between the southern metropolis and the scores of surrounding communities.

The beaches and the mountains were waste unless they became accessible to the people.

Los Angeles had to have means of reaching its harbor.

The harbor required facilities for transporting its freight.

Lumber sought an outlet to the sea.

Fruit demanded conveyance between packing plants and shipping centers.

And, in time, oil needed trackage for tank-cars from wells to refineries, and farther.

The territory to be served embraced some 32,308 square miles.

From 10 to 1139 Miles of Track

In 1895, there were 10 1/4 miles of Pacific Electric tracks. Today there are 1139. That this is the largest of any interurban electric system in the world has long been true. Also, this is one of the least important things to be said of the Pacific Electric.

That it covers four counties, serves fifty-four incorporated cities, and carried 115,000,000 passengers last year—these things are important.

So is it important that the Pacific Electric pays taxes amounting to \$1,200,000 a year—

That it provides support for a sufficient number of families to populate a town almost the size of Alhambra—

That its annual payroll totals in excess of \$9,000,000.

These are facts that mean something to the welfare of Southern California.

The Pleasure Yield

Returning to The Red Cars: We have touched on their serious service to the community. They have another side—a joyful one.

Without them, how would the beaches be enjoyed as they are? How otherwise would thousands each week visit the mountains, the old missions, the orange groves—the rarest charms of Southern California—that are so easily and economically reached by The Red Cars.

Mt. Lowe, for example, is the best known and most accessible mountain resort in Southern California. It is visited by more tourists than even the world-famous Yosemite Valley. It is exclusively a Pacific Electric resort, owned and operated by the company—as is also Redondo Beach.

Then there are the community events to which the Pacific Electric is so naturally a contributor: Such as the Tournament of Roses at Pasadena, the Orange Shows at San Bernardino and Anaheim, the Los Angeles County Fair at Pomona, the Riverside County Fair at Riverside, the Mission Play at San Gabriel. And so on, throughout the year, and over the entire community.

Truly it appears that the Pacific Electric is a vital part of Southern California. Well has it been called, "The Great Circulatory System of the Southwest."

Pacific Electric Railway

JUNIOR REGISTER NEWS

MANY STORIES ARE TOLD OF PATRON SAINT

(Today is "The Seventeenth of Ireland". An issue of the Junior Register would hardly be complete without some reference to the patron saint of Erin, St. Patrick.—E. M. H.)

In the heart of every Irishman the shamrock holds a tender spot. Dear it is to the children of Erin and in return it always blooms for them on every hill, valley and in every field on St. Patrick's morning.

There are many tales and legends told concerning this little plant and of the prickly, flowering blackthorn.

Opposed Pagan King
It is told that when St. Patrick came to Ireland, to preach the gospel, King Laeghaire ruled at Tara. He was a stubborn adversary of the doctrines of Christianity.

Laeghaire refused to believe in the mystery of the trinity. Although he had been brought to a point where he believed the doctrines at least partly, the mystery of the trinity was an obstacle. St. Patrick, it is told, tried often to explain the mystery to the king, but could make no progress, the pagan king obstinately refusing to believe the doctrine of three in one.

One day while preaching before Laeghaire, without apparent success, St. Patrick beheld at his feet the little shamrock plant.

Stooping down he picked a spray and carried it to the king, showing him the three leaves on one stem, yet all a part of it. And the story goes that King Laeghaire immediately embraced Christianity.

Was Caught in Blizzard
Many other legends are recalled on St. Patrick's day when the little shamrock is the greenest. There is a story that once St. Patrick was caught in a blizzard and hurrying to shelter, found himself beneath a blackthorn bush.

No sooner had he gotten under the bush than the snow melted and a multitude of beautiful blossoms covered the bush. Now despite inclement weather the blackthorn blooms on St. Patrick's morn, being one of the few bushes whose blossoms precede the coming of its leaves.

The blackthorn grows all over Ireland, but is especially fond of Tipperary soil.

Perhaps the blackthorn or shillalah is often called "The Tipperary rifle" for this reason.

Says St. Patrick Born In England Denies Snake Myth

By ELIZABETH UTT

TUSTIN UNION HIGH SCHOOL, MARCH 17.—St. Patrick, contrary to the general belief, was born in what is now England, and not in Ireland. He lived in the troubled days when the Romans were abandoning the island to its fate. When he was sixteen some wild Irish raider carried him away to Ireland as a slave.

Having served in that country for six years as a winchman, he managed to escape in a ship bound for France. Before returning to Britain he became a monk.

Upon his return to England he dreamed that the Irish were calling him. Patrick decided this was a missionary call, and returned to France where he spent fourteen years in preparation for his work.

The well known saying that there "were no Christians in Ireland when Patrick began his work and no pagans when he died" is, of course, an exaggeration. Still he did a great deal for Ireland—though he probably didn't compel the snakes to fling themselves into the sea.

Sargasso Sea Is Goal of Explorers

By ELIZABETH UTT

TUSTIN UNION HIGH SCHOOL, MARCH 17.—Charged with the mission of exploring the Sargasso sea, source of danger and wonder since before the time of Columbus, the ship Arcturus sailed from New York early in February. Sargasso Sea lies in the Atlantic ocean and is thought to be larger than France. This sea of weeds and awful calm is often termed the "port of missing ships." Columbus and his crew were lost in it for two weeks, and evidence is strong that hundreds of years before his time. Phenician galleys were caught in this dangerous tangle and are still afloat.

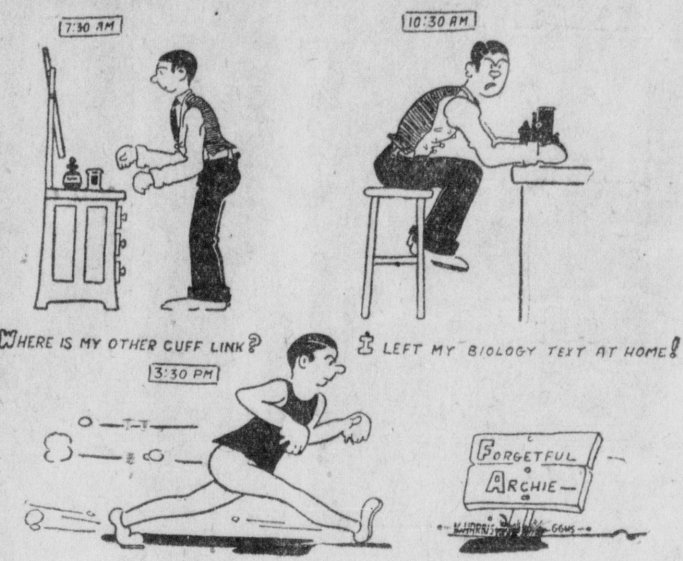

Many romantic tales and legends are told of this sea, and while the scientists who are directing this expedition have small hope of finding whole ships afloat, they feel that they may find bits of floating drifting wood, and such that will date back to the earliest sea voyages. Here, too, the legendary island of Atlantis is said to lie.

Professor Beebe, head of the expedition, says that while he does not expect to find Phenician galleys, nor dredge up relics of a lost Atlantis, he expects to find thrills in plenty. The ship has a laboratory extensively fitted with every facility for the study of captured specimens. It is expected that some very interesting discoveries will be made by this trip to the "port of missing ships."

Just arrived a complete line of Placque, Print and Basket Ware in Art Dept. Demonstrator will show you how to frame your pictures, 608 North Main.

Radio expert at Hawley's.

GARDEN GROVE CARTOONIST ENTERS TROPHY CONTEST

The above drawing was entered in the Junior Register cartoon contest by Kenneth Harris of Garden Grove union high school.

PAST GLORIES OF CHINA ARE REVIEWED BY WRITER; ACCOMPLISHMENTS PRAISED

By EARL BASHOR
TUSTIN UNION HIGH SCHOOL, March 17.—One nation in the world is known as a sleeping giant, that is China; China the uneducated, where the people eat rice and rats, bind the feet of their women, and man, women and child use opium. But this is the illiterate China of today, not the China of yesterday.

The China of another day was educated, clothed in the finest of silks when our ancestors were Druids, existing on raw meat and clothed in skins.

Have the Chinese lapsed because of over-education, the rule of emperors or the lack of initiative? History shows that China was once educated and a progressive nation. It was through the efforts of the Chinese that the compass was given to the world. They used it on their tiny junks and sailed the wide Pacific with only their small, crude instruments to guide them. To China the world owes its knowledge of weaving. Tombs, antedating King Pao's dynasty by two thousand years, have been found in China and in them silks that rivalled the finest that have ever been produced. Moveable type was first invented and used in China. The numeral system, theories regarding the movements of the spheres, the study of astrology, and the use of the first wheel, find their origin in China. Gunpowder was also invented by the Chinese, but this invention was first made with noise as the prime object. With fire-crackers they awakened their gods before beginning their worship.

Building Wall Is Huge Task.
One of the greatest things that was accomplished in the past was the building of the great wall of China during the reign of Emperor Wang Di. To build this wall was a task that is huge compared to the digging of the Panama canal or the erecting of the Egyptian Pyramids. This great wall is over fourteen hundred miles in length and varies from twenty to thirty feet in width and thirty to fifty feet in height. It runs east and west and, at certain points, branch walls parallel at or are run out from the great wall.

The actual building of the wall occupied some thirty to forty years, with labor drafted from every village in China. Each village was forced to provide good and rainment for the workers. In the hilly section of the country it was not so much trouble to build retaining walls of rock five feet wide, twenty feet apart and parallel. This was only the beginning of the job. The next step took place when the laborer carried in two baskets, slung across his shoulder, dirt which was dumped into the huge gaps between the two walls. To complete the walls, large gates were made, forts and parapets erected and the top paved. In the low country where rocks could not be procured, brick was made and used as a retaining wall.

Wall in Good Condition
This wall has remained in good condition until decay set in about eight years ago. From this time on, disintegration came rapidly. But there are thoughts of sadness as well as wonder in connection with this wall of China. This great structure, built for protection, has never served its purpose; for, during the two thousand years of its intact condition, no raid was ever made over it. A bribed or drunken gate keeper served to let the marauding hordes through.

But the crying need of China today seems to be the need of learning English. For the worker to learn English it means that he has a higher social position and wage scale.

Two Chinese laborers were fast friends, the only difference was that one could speak English, the other could not. The one undertook to teach his friend to speak to say "Yes, no, perhaps." As he has learned them in that order he could not speak them in any other way. He was a regular, trained parrot.

One day the young man noticed an English contractor standing on the site of a new building. Now there was a chance to land a better paying job and try out his knowledge of English. He approached the man, but as he was busy he did not interrupt him. Suddenly the Englishman missed his watch. In a heat he turned and asked: "Did you take my watch?"

Here was a chance for his present.

He said: "Yes, I have it." "Give it to me," demanded the contractor.

"No," replied the oriental. "I'll take you to jail."

"All right," he returned. And he thought he had landed a job! This shows the awakening spirit in the desire to learn a modern tongue. Soon the giant will be awake and take his rightful place in the world. The lost knowledge will be restored and China will no longer be a ghost of the past but a reality of the present.

BEANS VS. STATE'S RICHES
Beans! Homely, little things, but certainly very nutritious and much eaten. The civilized world could get along without many luxuries but hardly without its beans. In fact, beans certainly contribute to the well-being of the American people. Don't believe it? Well, look at our soldiers—they are fed more on beans than anything else and they helped win the world war!

That alone shows their value. Some statisticians say that the bean crop alone in California was a great asset, for if all the beans raised in the state were put in bags and the bags laid end to end, a road of beans would be formed from one end of the state to the other!

This crop has made thousands of dollars for the golden state and has made the hands of people happy. Certainly here is the California farmer's chance to produce wealth for his state by raising beans—for you know that an acre more of beans means an acre more of wealth for California!

By IRMA YOUNG.

Once more, Spring has arrived with all the manifestations of her presence. Flora still reigns supreme in the foothills and meadows although there was a time when her court in California was more gorgeous and far greater. The number of her attendants did not decrease all at once, but slowly, year by year. Who and what caused this decrease? It was not the weather or Mother Earth for they have not changed. But careless, selfish people have gradually diminished the number of flowers, ferns, and plants—even on the hills and in the out-of-way spots that were not used for other purposes. One-by-one, one-by-one, the flowers were plucked, but not by only one person. Who can tell how many thousands of tourists, motorists

Poor Dinkus! Lower Teeth Are Extracted

TUSTIN UNION HIGH SCHOOL, March 17.—On the upper Nile there dwells a tribe of intensely black Ethiopians, Dinkus by name, who exist mainly from the meat of the cattle they raise. The cake-eaters of this tribe of Sudan extract their two lower incisor teeth. This does not impair their ability to cake eat and adds a great deal to their beauty.

These "sheiks" have another mannerism. They wear copper wrist bracelets so tight that their hands grow numb and useless. What vanity! No educated man would think of doing such a thing! An American cake-eater would not deaden his hands, but his head. This, not being so important, is filled with cobwebs, smoke, and other joys (?) of life.

Lo, the poor Dinku, we all feel sorry for his uneducated state!

PRESS LEAGUE TO MEET AT ANAHEIM

By ALICE WILLIAMSON

ANAHEIM UNION HIGH SCHOOL, March 17.—The Orange County Press association is to meet at Anaheim High School the afternoon of March 20. This is to be a pep rally for the Southern California Convention to be held at San Bernardino March 27. Representatives from all the Orange County schools are invited to attend this meeting. It is to be short but a very helpful as well as interesting convention.

One representative each school is requested to speak on some phase of school publication. The meeting will last from 3:00 to 5:00 p. m.

SWIMMING CLUB AT GROVE ELECTS

HATTIE PATTERSON.
GARDEN GROVE UNION HIGH SCHOOL, March 17.—All girls who were interested in reorganizing the swimming club, were called together Tuesday afternoon by Miss Amy Redd, girls' athletic coach. The purpose of the meeting was to elect officers, which resulted in the re-election of Hilda Arkley, president, Helen Knox, vice president, Norma Larson, secretary.

Teacher Attends L. A. Grand Opera; Says Singers Fat

By EUBA AZLIN.

GARDEN GROVE UNION HIGH SCHOOL, March 17.—Miss Ellen MacKenzie Dodson, accompanied by her brother, Herbert Dodson, and Miss Esther Milhous of Whittier, attended the Italian grand opera, "Il Traviata," at Los Angeles, Saturday. It was given by the San Carlos company at the Philharmonic auditorium.

Radioland had a chance to listen in through station KFI.

Miss Dodson said that this was one time the people on the air had the advantage of those who attended the opera, because all the people on the stage were fat, though they had beautiful voices. Two songs Miss Dodson said would be hard to forget, "Home to the Mountains" and the prison song that Leonora sang to her lover.

Comedy Selected By Grove Seniors for Annual Play

CARTWRIGHT SMITH.

GARDEN GROVE UNION HIGH SCHOOL, March 17.—The seniors have selected "Nothing But the Truth" for their annual play. The cast, carefully selected after several tryouts, is as follows:

"Bob," Leslie Blair; "Dick," Delph Kelsey; "Mr. Ralston," Frank Thompson; "Van Dusen," Archie Kerns; "The Bishop," Louis Head; "Mrs. Ralston," Cynthia Kirven; "Given," Norma Larson; "Ethel," Inis Russell; "Mabel," Jewell Crowley; "Sabel," Marie Kirkham.

The cast is coached by Miss Amy Redd.

and campers visit the hills every year or how many flowers would be destroyed if each one of those picked one flower? But there are few persons who stop with one flower. After gathering a large bouquet, many people tire of the flowers and throw them down to wither thus destroying not only these flowers but also those which might have sprung from their seed.

If you do not love the flowers, do not be so selfish as to destroy them for others; if you truly love the wild-flowers, you will refrain from picking them.

—By Edith Johnson.

Tustin Union High School.

SAFE FOR CHILDREN

Mothers everywhere demand a reliable cough remedy free from injurious narcotics. Supplying this demand for fifty years made FOLEY'S HONEY AND TAR COMPOUND one of the Largest Selling Cough Medicines in the World. Children like it. "My little boy had a very bad cough, and after he used FOLEY'S HONEY AND TAR COMPOUND he got better at once," writes Mrs. Van Belle Penney, Mont. Refuse substitutes. Sold everywhere.—Adv.

GARDEN GROVE STUDENTS TO SEE S. A. PLAY

BY CARTWRIGHT SMITH.

GARDEN GROVE UNION HIGH SCHOOL, March 17.—The seniors of Santa Ana high school are giving their annual play March 20, at their auditorium. The play selected, "To the Ladies," promises to offer real entertainment. Many of the Garden Grove high students have signified their intention of attending.

This play is going to be well worth while as was the play Orange faculty put on, "Deau Brummell."

Each high school in the county usually puts on at least two plays a year, all of which afford good entertainment besides developing home talent.

Orange county is fortunate in its artistic organizations which so far toward keeping the people happy and contented. Many counties less fortunate are either obliged to fall back on mediocre professionalism; or play lovers must travel to Los Angeles for amusement.

BY MARIAN MARSH

GARDEN GROVE UNION HIGH SCHOOL, March 17.—Four carloads of Amomas and Agogas of the Baptist church left for Mt. Baldy Monday afternoon arriving at Ice House canyon about 4 o'clock.

The crowd went in a bunch up the trail, having snow fights, and throwing snowballs, until some of the members of the crowd began to feel a gnawing at their stomachs and suggested that something to eat might taste rather well just then. Part of the crowd came back and fixed the "eats" while the rest warmed up, sitting around the big fireplace in the store.

There were "eats" galore, everything from salad and pickles to jelly-rolls and doughnuts, oranges and everything good.

After playing in the snow again and then warming up again, the crowd left for home. At about 5:30 o'clock two of the cars were back in Garden Grove, but the rest of the crowd got lost, so it was about 9:40 o'clock when they arrived.

ANAHEIM WINNER OF DEBATE TITLE

By FRANCIS BODE

ANAHEIM UNION HIGH SCHOOL, March 17.—For the fourth consecutive year the debate team from Anaheim High school won the debate championship of Orange county. In the last debate of the season The Colonists defeated Garden Grove by the judges' decision of two to one.

The coaches were B. F. Steelhead and Miss Lucile Bickley. They have worked hard with the team. The members of the team are William Drake, and Louis Kroeger. Not one member of the team is a senior which is said to augur well for the future debate seasons at Anaheim.

Register Want Ads Bring Big Results

INVENTOR PROPOSES CROSSING 'STOPPER'

BALTIMORE, Md., March 17.—The way to stop automobile accidents at grade crossings and other dangerous points is to stop the automobiles by an appliance beyond the driver's control.

With this conviction, Charles Adler Jr., inventor of railroad warnings and signals, offers a plan that he says would be positive in its action and would not depend on the alertness and care of automobile drivers.

Adler's plan would involve the enforced application of a magnetic device to every automobile in the country, placing of a similar instrument in the roadbed near each dangerous crossing and the enforcement of a 15-mile speed limit at these points.

In the roadbed to the right side approaching the crossing would be a permanent magnet. Attached to the forward part of the car, by legal compulsion, would be a magnet instrument which, when actuated by the road magnet, would shut off the car's ignition.

If the car went only 15 miles an hour, there wouldn't be sufficient electromotive force generated by the magnets to shut off ignition. But at greater speeds, considerable power generated by the engine, when combined with the magnet's force, would stop the car.

To start his car again, the motorist would have to get out, lift up the hood and adjust the magnetic device.

U. S. Scientists Find New Use For Helium Gas

WASHINGTON, March 17.—Helium gas which heretofore has been used exclusively "up in the air" to inflate airships, may soon be put to work underground and down deep in the seas.

Out of experiments now being conducted by scientists in various universities throughout the country, navy department experts believe, the non-inflammable gas may in the future also be employed to lessen the burdens of deep-sea divers and tunnel workers.

Some scientists, according to Capt. E. S. Land, technical expert, already believe helium, mixed with oxygen, can be substituted for nitrogen in deep-sea diving and tunnel construction and prevent underground and underwater workers from contracting "the bends."

"The bends" is a frequent fatal disease which overcomes divers and "sand-hogs" after laboring below the surface under great pressure.

"In deep-sea diving, when a man goes down a great depth," said Land, "the nitrogen gets into his blood and gives him 'the bends.' You have got to compress him and recompress him as he comes up and goes down. By the use of helium in the place of nitrogen in the air, some scientists claim the 'bends' are eliminated. So helium may have a practical application for deep-sea diving. It is very promising also in tunnels like the Hudson River and places of that kind where men are working under enormous pressure."

Land described helium as an "inert" gas. That means, he explained, that it is colorless, tasteless, odorless, and will NOT burn. It is NOT combustible in any way and will NOT explode no matter how it is mixed. It has no effect on the human system and is as safe to breathe as nitrogen.

Lowden Heads New Committee To Save Forests

WASHINGTON, March 17.—In an effort to wake the nation to the importance of saving the national forests and the reforestation of the cut over land and burned over forest lands a national citizens' committee with former Governor Frank Lowden of Illinois as chairman has been formed in Washington, it was announced today.

At the same time it was stated that forest protection week which is annually set aside by the President will in the future be designated as American forest week. This year the week has been fixed as that of April 27 to May 3, and all the activities during that week will be under the direction of the national citizens' committee.

The American Forestry association, the General Federation of Women's clubs, the Isaac Walton League, the National Lumber Manufacturers' association, and the United States Forest Service are to act with Governor Lowden in forming a general committee of about 100 representatives of as many national societies and associations," says the statement.

Father's Leg Bone Twice Saves Son With Broken Leg

PHILADELPHIA, March 17.—Ray Sherry, Sr., is minus two pieces of bone, while his 6-year-old son has them.

A year ago young Ray fell and broke his leg. He was brought to the Jefferson Hospital, but the leg failed to knit because of a gap of several inches between the broken parts. Ray, Jr., was put under the anesthetic with his father on the operating table and a piece of Ray, Sr.'s bone was grafted at the spot where the leg was fractured. The bone knitted. However, the boy recently took another fall and his leg was broken again. Again he and "Dad" lay side by side on the operating table at the same hospital and father gave his son another piece of his leg bone.

EARL LEAVES FOR EGYPT LONDON, March 17.—The Earl of Balfour has left for Jerusalem, where he will be guest of honor at the inauguration of a Jewish university.

Secretary Work To Make Visit To Coast States

WASHINGTON, March 17.—Secretary of the Interior Work will make an official trip to investigate reclamation, national park and Indian reservation problems in the west, starting March 18 and lasting thirty days, it was announced today. He will be accompanied by Reclamation Commissioner Mead and National Park Director Mather.

His itinerary includes two California parks, nine reclamation projects and Indian reservations and the lower Colorado river development project.

Affections Set At High Price

DENVER, Colo., March 17.—Affections of a truck driver's wife were valued at \$4,000 by a jury here when Earl Williamson was awarded that amount from G. W. Githens, president of the Colorado Roofing company, for causing the Williamson to separate.

Garden Grove

GARDEN GROVE, March 17.—The Lions luncheon was thoroughly enjoyed Wednesday noon, judging by the roars which were heard some distance from the club house. Warren Wheeler and Ed Lyman had charge of the program. Two saxophone solos were rendered by Miss Norma Larson, accompanied by Miss Cynthia Kirven. Mrs. W. H. Purvine of Santa Monica, formerly of Garden Grove, gave a pianologue, "The Billy Goat," which created much laughter. Two vocal solos by Mrs. Purvine were enjoyed.

Mrs. C. C. Violet spoke of the activities of the Professional and Business Women's club, and the Lions club adopted a resolution pledging co-operation with that organization. The question of securing a series of entertainments to be given in the near future was endorsed.

In place of the noon luncheon next week, members of the local den will entertain their wives and sweethearts at a St. Patrick's dinner on Wednesday evening, March 18.

Mrs. F. F. Roepke, Kenneth and Arlen Roepke visited the former's daughter, Miss Muriel, in Los Angeles recently.

William Hale, substitution operator in Los Angeles, is enjoying two weeks' vacation at his home here.

Mrs. Stone and Mrs. Mac Lindon of Redlands were guests of Dr. and Mrs. C. C. Violet Friday.

Mr. and Mrs. Brinton Hale and family were dinner guests of Mr. and Mrs. Leonard Thielwelder Tuesday.

Mrs. and Mrs. G. Hedstrom and family were recent visitors at the home of Mr. and Mrs. Earl Simmons in Downey.

The Baptist Missionary society met in the church bungalow Thursday. The morning was devoted to sewing and at noon dinner was served. The members adjourned to the church auditorium for the afternoon business meeting and program, of which Mrs. McDonald had charge. Twelve members, each a chairman of a committee, presented posters made by their committees, each poster representing a foreign country. As each poster was presented a lady from that group gave a three-minute talk on the subject. It is the plan of the society to use these posters during the year, introducing one each month with its committee in charge of the program.

At the close of the afternoon program, judges announced the poster on Japan, with Miss Grace Hedstrom, chairman, as winner. Honorable mention was given to that on China, with Mrs. C. P. Morris, chairman. Judges were Mrs. Will Schnitzer, Mrs. Fred Andres, Mrs. S. F. Fitz and Mrs. George Head, members of the Methodist society. Mrs. Gage of Los Angeles was present and spoke on the work at the Lorena Street mission in that city. She also gave two readings, "The Master is Coming," and "The Ladies' Aid."

Mr. and Mrs. T. C. Garr motored recently to La Verne, where they visited their daughter, Minnie.

Jack Williamson, who has purchased the D. Helm barber shop, assumed charge last week.

Social section of the Garden Grove Woman's club will give a St. Patrick's dance in the clubhouse Tuesday night. Prizes will be given for the best costume. Prizes also will be awarded for waltzes and fox trots and for the best couple.

Dr. Pearl Magill and sister, Miss Julia Magill, have returned from a delightful trip through Japan, China and Honolulu. They were gone two years.

Ben Haughton, who submitted to a major operation at a Pasadena hospital recently, is reported to be recovering.

Mr. and Mrs. H. A. Page and family of Fullerton were recent guests of Mr. and Mrs. R. J. Killingbeck.

The Rev. G. A. Francis of Orange was a caller in Garden Grove Thursday.

Mrs. W. A. Bean visited friends in Los Angeles recently.

Mr. and Mrs. W. A. Wheeler, Mr. and Mrs. W. J. Newsom, Mr. and Mrs. W. B. Wentz and Mr. and Mrs. E. O. Fulson were entertained at dinner Wednesday evening by Mr. and Mrs. C. B. Scott in Artesia.

Committees from civic organizations, including the Woman's Civic club, chamber of commerce, American Legion, Lions club, Boy Scouts, Campfire girls and Y. M. C. A., have sponsored a campaign to clean up Garden Grove. The official cleaning day will be Friday, March 27, at the close of which the ladies will serve dinner.

On Friday evening, March 20, a Silver Medal contest, under auspices of the W. C. T. U., will be given. Those taking part will be Mary Croell, Lettie Harper, Eleanor Crill, Yasuko Ehdo, Evelyn Sweeney and Velma King. Other numbers on the program will be a vocal solo by Miss Marguerite Young, duet by Frances and Myra Bragg, violin solo by Anna Phillips and a piano solo by Aileen Lair.

EVENING SALUTATION
Ill deeds are doubled with an evil word.
—Shakespeare.

REPORT YOUR ACCIDENT

Whether you are among those who have never had an automobile bumped, it might be well to remind you that the state law requires drivers of automobiles concerned in accidents in which anyone is injured to report the accident. If the accident occurs in an incorporated city, the accident should be reported to the police department; if outside the city it may be reported to the sheriff's office or a police department.

Recently, a number of accidents have occurred in this county in which one or more occupants of an automobile have been injured. On one day, about ten days ago, there were four such accidents in this county, not one of which was reported to the officers. In one or two of the cases, efforts were made to prevent publicity concerning the accidents. Publicity might have and probably did prove embarrassing to some of those concerned, and it is likely, too, that publicity gave to the injured persons the name of the person responsible for the accident. If a guilty driver can escape reporting his accident to the officers and if he can escape publicity the chances are that he will also escape payment of damages.

It is the duty of police officers and hospital officials to aid in giving the publicity concerning accidents that the law contemplates.

Laity in compliance with the law requiring reports is likely to get someone into trouble with the courts hereabouts. Some day it will appear necessary to give somebody a heavy fine in order to impress upon the public in general that the law is on the books to be obeyed. If you have an accident in which someone is injured, the sensible thing to do is to report it to the officers in accordance with law, else you might be the one of whom an example is made.

HONORS FOR STUDENTS

Students and members of the faculty of the Santa Ana High school who had a direct interest in the winning of national recognition for art work done by high school students, as reported in yesterday's Register, are receiving congratulations. That the work done by the students was indeed creditable and that the students had had excellent training were shown by the selection of Santa Ana art work for use in the School Arts magazine.

Miss Donaldson is of the opinion that the beauty of surroundings of Santa Ana is an encouragement to the artistic tastes of growing children. Foothills and valley, ocean and shore—these contribute to a wide variety of pictures inviting the best efforts of young people interested in the development of their talent with brush and pen.

GENEVA BROADCASTING

The League of Nations is going into the board-casting business. Also the weather business. It is in connection with the building of the largest radio station in the world, on the top of Mount Salève, overlooking Geneva.

The station is intended for the triple purpose of observing the heavens, the atmosphere and the earth. That is to say, in scientific jargon, it will be astronomical, meteorological and seismological. The cost will be \$2,000,000. The radio station is expected to be powerful enough to broadcast around the earth and keep in touch with ships and weather conditions all over the Atlantic and Pacific. The telescope used by the astronomers established there will be likewise the largest in the world, over 100 feet in diameter, and powerful enough to explore distant clusters and nebulas and photograph hitherto unrecorded stars.

The plan of the promoters is to have an international weather office there in connection with the League. That body will be allowed at least 15 minutes a day for absolutely uninterrupted world broadcasting. It will be an interesting expansion of League activities, and will be awaited with interest.

ROOSEVELTIAN ADVENTURE

Theodore and Kermit Roosevelt, true sons of Bwana Tumbo, are going on a sort of fairy hunting trip into interior Asia. They will follow part of the route of Marco Polo, the great Venetian traveler of the middle ages. It will take them through the Vale of Kashmir and on through jungle and foothills to the cloudland of the northern Himalaya slopes, toward China.

Their quest is for strange specimens of wild life. That is one of the few untraveled regions left for the exploration and conquest of modern man.

It will be a romantic trip, and a hard one, worthy of the Roosevelt name.

"Teddy" the hunter and naturalist, always had a strong hold on the hearts of his countrymen, and he may be remembered for his exploits in our own West and South, in East Africa and in the Amazon country, when his political record has grown dim. The elder Roosevelt would approve of this venture for his sons, and they fit into his hunting togs rather more easily than they fit into his political shoes.

MYSTERY IS SOLVED

One of its greatest victories has just been won by the American dyes industry. The secret of "golden orange" has been discovered in the du Pont laboratories. Inability to make this dye is why our troops went overseas in fading khaki.

Rapidly our chemists are rediscovering the secrets held so long by Germans. The cunning Germans would, for instance, take a dye that involved sixteen different steps or processes, and patent only two steps. This protected them. When we "took over" the dyes patents, our chemists had to figure out the missing fourteen links.

CANCER MAY YIELD

Dr. Charles Mayo of Rochester, Minn., addressing physicians in Philadelphia, said the other day that medical science is "slowly but surely approaching the conquest of cancer." Wassermann, the German scientist who has made exhaustive studies of blood, before his death this week said that he was beginning to believe that by blood analysis he could discover the presence of cancer before it has reached the point of malignant growth.

When the surgeon can catch cancer in an early stage, he can almost always remove it safely, and

often without any danger of recurrence. But the internal cancers too often proceed without giving any warning to the patient until they have involved organs which make it impossible to operate without danger.

The cause of cancer so far eludes discovery. When that is found, it will be conquered indeed. Meanwhile, every step towards early diagnosis is a welcome aid.

Gen. Dawes may find that reconstructing Europe was a cinch compared with reconstructing the United States Senate.

Tackles a Real Job

Kansas City Times.

The new secretary of agriculture has gone bravely to work to make his department more responsive to the policies he has at heart. It is a tremendous undertaking, as no one knows better than Secretary Jardine.

Each administrative department of the government has become an enormous institution with thousands of employees. Its vast and complicated mechanism is driven by the permanent staff; men whose names are not known to the public, but who know the game and understand how to get things done. Against the stone wall of the permanent organization the average secretary beats his head in vain. His term is nearly expired before he really learns something about his department works. So while he represents the department before the public, he usually has little influence with it.

Mr. Jardine goes to the department of agriculture with the advantage of previous service there. He is familiar with its inner workings. Perhaps he will be really able to take command. It will take a long, hard fight. But here's hoping!

Swat This "Holiday" Proposal

Fresno Republican.

The Senate of California should take occasion to squish the sentimental proposal to add another to the long list of state holidays by creating "Gold Discovery Day," on January 24 of each year.

We have several too many state holidays now. Holidays should not be created by the sentiment of the legislature, not even by the sentiment of a majority of the people of the state.

They should exist as a reflection of the actual holiday habits of a large majority of the people of the state. The law should follow custom, rather than for us to use the law in an attempt to create custom.

Those who want to have various forms of "days" should do a little crusading to get people to observe these days, not bully the legislature into adding to the business difficulties that are caused by the creation of legal holidays.

As it is, we have a number of holidays that are treated with scant respect. So it would be with "Gold Discovery Day."

Watch Highway Fund

Riverside Press.

Outside of the city of Los Angeles there is no very keen interest in Southern California regarding reapportionment. There is a good deal of talk made by Los Angeles papers about "the rights of Southern California on reapportionment" but that talk is not echoed by papers in other cities in Southern California; and the main reason for the refusal to get excited over the issue is the fact that the general sentiment in Southern California, outside of Los Angeles, is favorable to some plan of legislative apportionment that would prevent the control of both houses by the three big cities.

When, however, it comes to the question of justice to Southern California on the apportionment of highway funds, this part of the state is united in the view that great injustice has been done in the past and that this discrimination must be corrected in the future.

Complicated Problem

Bakersfield Californian.

Nevada has 253 one-room schools with an average of 8.8 pupils each. New Hampshire has 701 such schools with an average of 17.5 pupils per school, according to recent reports from those states received by the department of the interior, United States bureau of education. Under such conditions it is not difficult to understand just why education is one of the nation's most complicated problems.

YOUR HEALTH

By DR. CLIFFORD C. ROBINSON

FIGHTING COMMON COLDS

The Public Health Service announces that 35 per cent of the people in the United States are subject to the common cold (there are no good ones) and is making a special investigation to determine the cause and possible cure.

February and March seem to be the favorite months for colds and nasal troubles. But many people always easily catch cold.

What we term the common cold is due to an infection of the upper air passages of the nose. These germs, with the family name of micrococci, are always watching for a chance to catch you off your guard and take up their abiding place in your septum.

For this class of colds beware of the nose-blowing, sneezing individual who blows and coughs right into your face, and expectorates anywhere without any regard of consequences.

Another cause is undue exposure, especially of the parts of the body where warm protection is necessary. Insufficient covering at night is another cause.

Wet garments should always be removed as soon as possible and a brisk rubbing or massage indulged in to bring back the healthy glow to the skin. Avoid wet feet, a frequent cause of colds.

To guard against cold from exposure is a life process of common sense, habits and exercise. Steer clear of the common cold by your determined efforts to make your body strongly resistant to its effects. Try and avoid dry, warm rooms with dust conditions that attack the nasal passages and inflame the mucous membranes.

Colds may not have any direct relation to the ventilation of your bedroom, but becoming used to pure air during the sleeping period is a great help in strong bodily resistance to the effects of cold germs or exposure.

We'll Give You Three Guesses at What Is Coming

Kindness To Children

Many children have been ruined for life by parents and teachers misinterpreting the new child psychology brought out by great educators.

A conscientious mother reads that the child should not be interrupted in his play, and she lets him leave his toys all over a disorderly room and does the small errands or bits of work the child should do, in order that he may not be "interrupted."

This sort of thing, says Angelo Patri, lover of children and defender of their rights and liberties, is not kindness to the child at all. Mr. Patri demands kindness to the child, sympathy with the child, under any and all circumstances. But, he insists, letting a child monopolize the dinner conversation, when he should be silent and good-mannered, is not kindness. If he is working with his erector set when it is time to help mother get dinner, he should have a table on which he can leave the unfinished creation without disturbing anyone. But five minutes before his time to help mother, he should be warned, and he should put away all objects not yet made part of that creation. Allowing disorder is not kindness.

Teaching the child reverence and self-control are the great things, says Mr. Patri. It takes intelligence, perseverance, imagination and self-control on the part of the parent to accomplish it and most parents are none too gifted in these respects. But parenthood is not an instinct. It is a job. The successful parent has to work at his job. If he has got to cultivate self-control in order to teach his child, then it is up to the parent to control himself. True kindness has a strong backbone.

Worth While Verse

FOUNTAINS

Few things are lovelier than fountains are
Seldom in life can beauty be so free,
So disentangled from complexity
And clearly wondrous as a founding star.
White water stabbing at a blue sky far
Or falling over in a crystal tree
With frozen fire in all its veins to see
Shuttled by winds into a rainbow bar...

Rarely the miracle surpasses this
Silvery utterance of secret birth
Spending the silence in a radiant rain.
As eloquent to tired souls as a kiss
A fountain is, flashing above the earth,
Driven and forceful, beautiful and vain.
—George O'Neil in Harper's Magazine.

Time to Smile

BETTER DOLLARS

"You seem to forget, my dear, that the dollar I earn is worth only 65 per cent of the dollar your father earned."
"Well, why don't you earn better dollars?"

SELECTIVITY

Two Emporia men were discussing their radios. Said one: "Ours is the best little set in the world. The other night we got Los Angeles and Havana."
"Well," said the other, "ours is a selective set. I heard a violin and banjo playing Sunday night at Pittsburgh and I tuned out the violin."—Emporia Gazette.

GOSHI!

"Charley, did you hear that joke about the Egyptian guide who showed some tourists two skulls of Cleopatra—one as a girl and one as a woman?"
"No; let's hear it."—Edinburgh Scotsman.

Tom Sims Says

Sheiks are passing. An Egyptian tells us real sheiks are considered boobs. Same here.

The Scotch average nearly an inch taller than the Irish. But then the Irish were kept down for 700 years.

When an auto kicks back and breaks a man's arm it is merely trying to replace the horse.

The Swiss have two women judges. That's a news item. We have millions who think they are judges of women. That's a fact. When a man loses his temper there is always someone around who will help him find it.

Ball players at training camps are suffering from sunburn. That is the skin you hate to touch.

A married man who knows said to us, "An eagle on the hat is worth about ten on the dollar."

Wall Street broken is broke. Lost more than a million. One who fishes is liable to lose his bait.

These crossword puzzles are being called liars real often.

Little Benny's Note Book

by Leo

Me and my cuzzin Artie was setting on his front steps tawking and I had a good ider how to make some money, saying, G, I tell you lets wat, lets start a bewty contest for all the gerls erround heer, and we'll make tickits and sell them for a cent apiece and each tickit is a vote and the gerl that gets the most votes wins first prize and the gerl thats next wins 2nd prize.

G, all rite, only G, ware will we get the prizes, we haff to have silver cups for a bewty contest, Artie sed.

Well G, I know, didnt somebody ever give you a silver cup wen you was a baby? I sed.

Sure, its in our china closet, Artie sed, and I sed, Well I got one too, its put away in a draw and its no use any more so Ill ask my mother if I can have it for the first prize in the bewty contest and you ask if you can have yours for 2nd prize, unless mine looks the rustiest, and then we can use yours for first prize.

O boy, Ill bet we make a hole pack of money, Artie sed. And he went in to find out about his cup and I went home to ask ma about mine, saying, Ma, do you know that old silver cup I had wen I was a baby, thats no good any more, is it?

It has no practical use, if thats wat you meen, but it has a senti mental value as the expression is, I wouldnt part with that cup for a million dollars, no sir, if somebody offered me a hundred dollars for that cup I wouldnt even lissen to them, ma sed. I want to preserve that cup for my grandchilders and my grate grandchilders, thats how much I think of it, she sed.

Me thinking, Aw G, good nite, aw. And I thawt, O well, then we'll just have one prize, well just use Arties cup. And I called him up on the telephone to tell him and he sed, Well G wizz, I cant have mine either, my mother sed it was the craziest ider she ever herd and she gave me a ferear crack for argewing with her about it.

Being wy the bewty contest is postponed.

Fear God, and keep His commandments; for this is the whole duty of man.—Eccl. 12:13.

Just Natural

Hal
Cochran's
DAILY
POEM

EVERY school-day morn it's hard to get the kiddies dressed. Funny how they like to lie in bed and get their rest.

Covers up around their necks; you have to dig them out. Sleepy minds don't seem to know just what it's all about.

When the breakfast's cooking at the starting of the day, Mom will call and call them while the minutes fly away. After while they slowly rise and sit upon the bed. Elbows on their knees are propped while hands hold up their head.

Mother pecks and pesters till they're putting on their clothes. Why it is so hard to dress—well, goodness only knows. Parents have to help them, at the finish, as a rule. Every youngster's just like this on days they go to school.

Then along comes Saturday and what a change takes place. Getting dressed, instead of slow, turns out to be a race. Can't you guess just why it is that youngsters are this way? Shucks, we're all responsive when the call's the call of play.

A Racial Audit

The Independent, Boston

If we turn over the leaves of 557. Our total for this year will be the immigration ledger for the probably not exceed 194,778. On six months ending December 31, this basis it looks as though the 1924, we shall find a gross increase of 231,368 human beings, flood" was passed. But so far, which indicates that by the end of the fiscal year, some 462,736 immigrants of all classes will have been admitted to the United States. This stands against the 279,802 for the fiscal year 1923-24, or a reduction by over one-half. The new set of rules under which books were kept for the six months considered was the immigration law enacted by congress last session. It looks like a good law. Turning for a moment to the debit column, we find that the exodus of aliens from the United States to certain countries overbalances immigration. The countries are Bulgaria, Czechoslovakia, Greece, Hungary, Italy, Lithuania, Poland, Portugal, Rumania, Spain, Yugoslavia, Armenia, China, India, Persia, and Syria. Another export item is deportations, which have doubled since last year. The total for last year was 4294, while in the six months just ended, 4448 have been sent home. The bookkeeper has figured "net income" for the six months as 97,330, which contrasts with 464,990 for a like period last year. For the whole of the last fiscal year the "net income" was 662, migration problem" today.

But one vast resource of India, Persia, and Syria. Another come is the immigration law, smuggling. Through devious channels of deceit, some 100,000 legally debarred aliens enter the United States each year. There is thus created a problem in "human bootlegging" that competes in difficulty with prohibition enforcement. It is the "im-migration problem" today.

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on the Federal Council of Churches of Christ in America.

TUESDAY

The Great Fundamental.

Read Lk. 8:22-25. Text: 8:25. And he said unto them, Where is your faith?

MEDITATION—Jesus did not so much consider the little things of character as he did those essentials to full spiritual manhood. Steadfast faith was essential.

"The highest security against temptation lies in the steady development of an affirmative life. The final aim in life is to be something rather than to avoid or to escape something. . . . The best form of defence lies in spiritual attack."

attack. If we walk in the grip of some splendid, far-reaching purpose, we shall put down temptation under our feet. We are in the conqueror's path if we walk in the Spirit; we shall then walk secure from attack."

In what is your faith? Is it in material things, machinery, wealth, position, health? Let us guard against absorption in these things. "Have faith in God." Put first things first.

PRAYER—Eternal God, we pray thee to make our lives centers of living faith. Let there be an overflow from our hearts that will cause men to turn their thoughts to thee. May we put our faith in things everlasting. Amen. (Copyright, 1925—F. L. Fagley)

ADVENTURES OF THE TWINS

by Olive Roberts Barton

NO. 8—BIMBO TAKES A RIDE

When Bimbo the Clown heard that spring had come and that it was time for the circus to begin, he did a little dance of joy.

The March Hare and the Twins had hunted and hunted for him and finally they had found him in a fine big theater.

"This is finer than a circus!" said Nancy in surprise. "Would you like to leave here?"

"Nothing is finer than a circus," said Bimbo. "Sawdust is much grander than red velvet carpet, and poles and ropes are much more wonderful than gold curtains and painted walls. Oh boy! I can smell the peanuts roasting already, and hear the band going tum-tum-team, and hear the lions roaring, and the wagons going rumble-bumpy-bump!"

"It's time for your act," said the stage man knocking on the dressing room door where they were all talking.

"We're in a great hurry," said the March Hare, looking at his watch.

"It will only take me about twenty minutes," whispered Bimbo. "You can stand out in the wings and watch. Then I'll go with you right away."

So Bimbo went out on the stage and somebody brought in a white horse from the other side, and then Bimbo jumped on the horse. He jumped on and jumped off and turned somersaults and stood on his head while the horse was running, and hung by his tail, the horse's tail, of course, and did so many wonderful things the Twins could scarcely get their breath.

"I never knew that clowns were so smart!" exclaimed Nick. "Neither did I!" said Nancy.

"I thought that all they did was to make people laugh," said Nick. "It takes smart people to make people laugh," said the March Hare solemnly. "There! That's over. Now we can be going."

Bimbo bowed himself off the stage while the people in the theater were laughing and clapping. He made so many bows that he nearly stepped on his three little visitors who were standing behind him.

"Oh, here you are!" he cried. "Now you run along and tell the Circus Man that I'm coming on the first train."

"No need—we have magic along," said the March Hare. "You are to come with us." And what do you think! Out of his pocket he took another pair of magic shoes like the ones the Twins wore. Bimbo put them on without a word.

"Now hop on, all three of you," said the hare.

Bimbo had to obey—he was so surprised. He began to shrink until he was exactly the proper size—and then he was on the hare's back going madly down the street with the others.

They left the city and went through miles and miles of country.

"Oh, there's a cute little pig!" said Bimbo. "I have to have a pig to take along."

So they
